Managers urgently need to overcome this silo effect by fusing ideas across different functional areas in the firm. In *Fusion for Profit* Sharan Jagpal, a well known and highly respected multidisciplinary researcher and business consultant explains in simple language using real world examples how managers can use sophisticated concepts to fuse different functional areas in the firm especially marketing and finance to increase the firm's value. The author provides novel solutions to a wide range of complex business problems ranging from choosing pricing and bundling strategies to positioning and messaging strategies to measuring brand equity to measuring advertising productivity in a mixed media plan including Internet advertising to compensating a multiproduct sales force to measuring the potential gains and risks from mergers and acquisitions. These concepts are illustrated using case studies from a variety of firms in different industries including AT T, Coca Cola, Continental Airlines, General Electric, Home Depot, Southwest Airlines and Verizon **Moody's International Manual**, 1998 **Critical Reading and Writing in the Digital Age** Andrew Goatly, Preet Hiradhar, 2016-03-17 *Critical Reading and Writing in the Digital Age* is a fully introductory interactive textbook that explores the power relations at work in and behind the texts we encounter in our everyday lives. Using examples from numerous genres such as fiction, poetry, advertisements and newspapers, this textbook examines the language choices a writer must make in structuring texts representing the world and positioning the reader. Assuming no prior knowledge of linguistics, *Critical Reading and Writing in the Digital Age* offers guidance on how to read texts critically and how to develop effective writing skills. Extensively updated, key features of the second edition include a radically revised and repackaged section that highlights the theme of discourses of power and authority and the new possibilities for resisting them; a revamped analysis of the art of communication which has changed due to the advent of new media including Facebook and Wikipedia; fresh examples, exercises and case studies including fan fiction articles from the BBC, Daily Mail and South China Morning Post and a selection of international ads for a variety of products; a brand new companion website at www.routledge.com/cw/goatly featuring projects, quizzes and activities for each chapter; a glossary and further reading.
