Include the ABCD's of objectives: action, behavior, condition, and degree of mastery, i.e., "C: Given a sentence written in the past or present tense, A: the student B: will be able to re-write the sentence in future tense C: with no errors in tense or tense contradiction (i.e., I will see her	Objective Students will be able to explain the important of voting and participate in a mock election. Lean statement I can explain the importance of voting.

yesterday)." Note: Degree of mastery does not need to be a percentage.)	
Rationale Address the following questions: ☐ Why are you teaching this objective? ☐ Where does this lesson fit within a larger plan? ☐ Why are you teaching it this way? ☐ Why is it important for students to learn this concept?	Why are you teaching this objective? I am teaching this objective to teach children from an early age that voting is important and that they can make a difference. Where does this lesson fit within a larger plan? This lesson fits in with the larger plan on voting and elections that will be throughout the week. Why are you teaching it this way? I am teaching it this way to ensure that my students understand the vocabulary and can apply it in a real world situation. Why is it important for student to learn this concept? Although they can't do it no, students will one day be able to vote.
Evaluation Plan- How will you know students have mastered your objectives? Address the following:	Pre- and Post- Assessment: I have administered the pre-assessment to the students that consist of true and false questions and one short response. At the end of the two lessons that I will teach, I will give them this as a post-assessment to see how their understanding of the subject improved.
