 Smashing Magazine, 2014-10-30 Some of us feel super creative while lying awake at 4:30 in the morning while others
 generate idea after idea in the shower or while taking a walk outside How we find and feed inspiration is different from
 person to person but we all have something in common our ideas are quite unpredictable Sometimes they keep flowing at
 other times when we need to come up with a solution for a complex project the spark just won't hit But even if we can't tame
 our ideas certain strategies can help to unlock our creative insight and make our ideation process and that of our team
 members more effective Unlocking Innovation wants to equip you with such strategies but also go beyond the mere process
 of generating ideas and look at how we can actually bring them to life Different ways of experimenting with that first vague
 idea and mocking it up are thus part of the eBook just like suggestions on finding the idea that is really worthy of our time
 and energy The tips that our authors have to share are very practical and can easily be incorporated into your or your team's
 workflow So take your time and examine them carefully and most importantly try them out to see what works best for you

It also shows you how to test your designs with representative users and ensure that they are usable on different devices, browsers, and assistive technologies. Lastly, we'll focus on making your web app fully accessible from a development and design perspective by taking you through the Web Content Accessibility Guidelines (WCAG) Style and Approach. This is an easy-to-understand, step-by-step guide with full examples to help you in creating good UX for your web applications.

The User Experience Team of One Leah Buley, Joe Natoli, 2024-08-27 Whether you're new to UX or a seasoned practitioner, *The User Experience Team of One* gives you everything you need to succeed, emphasizing down-to-earth approaches that deliver big impact over time, consuming needlessly complex techniques. This updated classic remains a comprehensive and essential guide for UX and product designers everywhere: you'll accomplish a lot more with a lot less. Who Should Read This Book? The techniques and advice in this book are applicable to anyone who is just starting out in user experience, as well as seasoned practitioners who have been in the field for years. In addition, anyone who read the first edition will appreciate this updated edition that features loads of new material that has changed over the past 10 years. There are tips, tools, and techniques throughout the book to improve your performance. The various methods detail exactly how to handle a variety of situations, from the timing involved, the materials, when to use that information, and how to try it out. Look for real-life sidebars from the authors, as well as experts in the field. This book applies to a team of one or a team of many. Takeaways: The first section covers the philosophy of the UX team of one: why you do it, how you build support, how to identify common challenges, and how to keep growing. The second section of the book, Practice, gives you tools and techniques for managing this balancing act with detailed methods. The 25 up-to-date methods in Part II prompt a question about a specific topic, answer the question, give the average time it will take to deal with the issue, tell you when to use this material, and give you instructions for trying it out. You can learn about working conditions that a team of one often experiences. The book addresses difficult situations that UX practitioners often encounter, for example, the need for speed in corporate environments. Be sure to review the UX Value Loop™ that Joe created to define UX. Check out sidebars that highlight some of Joe and Leah's personal real-life experiences. The end of each chapter tells you what to do if you can only do one thing. Finally, notes and tips give you handy techniques and tools to use in your own practice.

Accelerating Digital Success Ganesh Natarajan, Uma Ganesh, Lavanya Jayaram, 2021-05-18 It is an absolutely invaluable guide, embellished with insightful thoughts and a riveting narrative for digital reengineering, that shows how successfully winning enterprises can emerge in the post-COVID world.
