English in Non-English-Speaking Countries Marjana G. Vaneva, 2022-04-13 Living in a modern world and being surrounded by the newest advances in technology today's English language teachers see the process of learning English as completely different compared to when they learnt it themselves. In addition, linguists today proudly witness the different usage of the language that portrays the playful nature of English supported by its creative speakers and users. This book presents a collection of English language teachers' practices and challenges of teaching English to their non-native English students in which they portray their perceptions of the teaching-learning process. These experiences will provide the reader with a perspective on what contemporary teaching of this language in a non-English speaking country looks like. As such, this collection will serve as a guidebook for new scholars in the field.

Basic Math & Pre-Algebra Workbook For Dummies with Online Practice Mark Zegarelli, 2017-03-20 Master the fundamentals first for a smoother ride through math. Basic Math: if you got lost somewhere around fractions, you'll have a difficult time keeping up in Algebra, Geometry, Trigonometry and Calculus, so don't fall behind. This book provides plenty of practice and patient guidance to help you slay the math monster once and for all. Make sense of fractions, decimals and percentages. Learn how to handle inequalities, exponents, square roots and absolute values. Simplify expressions and solve simple algebraic equations. Find your way around a triangle, circle, trapezoid and more. Once you get comfortable with the rules and operations, math takes on a whole new dimension. Curiosity replaces anxiety and problems start feeling like puzzles rather than hurdles. All it takes is practice. Basic Math Pre Algebra Workbook For Dummies is your ultimate math coach with hundreds of guided practice problems to help you break through the math barrier.
