• Dream Machine is a trademark of Sony Corporation.

Features

- Full-power back-up function to keep the clock, the alarm radio and feature 3 and the radio operating during a power interruption, using a BP22 battery (not supplied).

Installing the Battery

To keep good time, your Dream Machine needs one BP22 battery (not supplied) in addition to the main battery. The battery keeps the clock operating in the event of a power interruption. Before using the time on your Dream Machine, open the lid at the bottom of the unit, install the battery with correct polarity and then close the lid.

Knowing When to Replace the Battery

- To check battery power, snap the AC power cord from the wall outlet and plug it in again after a few minutes. If the display/lens time is incorrect, replace the battery with a new one.

Precautions

- Operate the unit on the power sources specified in "Specifications".
- To disconnect the power cord, pull it out by the plug, not by the cord.
- Do not place the unit on surfaces made of glass, metal or other materials containing dangerous heat below the ventilation holes.
- Should anything fall into the unit, unplug the unit and have it checked by qualified personnel before re-plugging it in.
- To check the wiring, use a multi-test designed with a built-in-ground system.

Battery Warning

When the unit will be left unplugged for a long time, remove the battery to avoid undue battery discharge and damage to the unit from battery leakage.

If you have any questions or problems concerning your unit, please contact your nearest Sony dealer.
