The Handbook of Veterinary Care and Management of the Military Working Dog - Including Anesthesia / Pain Management Standards, 2017-10-17 PREFACE Since 9 11 the veterinary care of Military Working Dogs MWDs has assumed a greater importance The role of the working dog has never been more visible and more appreciated At this writing there are a large number of MWDs deployed throughout the world in support of the Global War on Terrorism Many people both in and out of uniform are coming to realize that MWDs are among the most valuable and cost effective counterterrorism tools we have Before 9 11 detector dogs and their skills were largely taken for granted even downplayed Comments like MWDs are low tech and Dogs will be replaced by sensors imaging techniques and computers were not uncommon Detector dogs have become a very visible front line protective measure against bomb threats check out the headlines on suicide bombers to see what our terrorist enemies are up to Then check out the film clips that show security forces in action the dogs are everywhere These are reminders that no other tool in the arsenal can match the efficiency mobility adaptability and field readiness of a working dog So what's new why publish a new edition now Yes 9 11 did change things this edition now has guidelines for MWDs exposed to Anthrax This third edition of the Handbook also contains new information about the prophylactic laparoscopic assisted gastropexy program that aims to protect our most at risk dogs from GDV We also provide guidelines on transitioning from once daily feeding to feeding two meals a day the Dog Center now feeds over 500 MWDs twice a day Additionally we have updated information about MWD Adoption a program that has come of age in the 2 years since the publication of the second edition Also in an effort to provide a one stop resource for working dog policy this edition

now incorporates topics that were formerly available only as VETCOM policy letters These and other revisions make this new MWD Handbook one of the most up to date resources for military veterinarians caring for MWDs and other Federal Agency working dogs All veterinary personnel involved in anesthesia should familiarize themselves with these standards as some previously used agents such as butorphanol acepromazine glycopyrrolate combination tiletamine zolazepam and xylazine have been removed from the guidance The world will continue to change and our veterinary care will also change as our knowledge new technology and improved therapeutics become available Our commitment to the health care of MWDs is a constant Keep up the good work
