Rome Sweet Home Kimberly Hahn, Scott Hahn, 2009-09-03 The well known and very popular Catholic couple Scott and Kimberly Hahn have been constantly travelling and speaking all over North America for the last few years about their conversion to the Catholic Church Now these two outstanding Catholic apologists tell in their own words about the incredible spiritual journey that led them to embrace Catholicism Scott Hahn was a Presbyterian minister the top student in his seminary class a brilliant Scripture scholar and militantly anti Catholic until he reluctantly began to discover that his enemy had all the right answers Kimberly also a top notch theology student in the seminary is the daughter of a well known Protestant minister and went through a tremendous dark night of the soul after Scott converted to Catholicism Their conversion story and love for the Church has captured the hearts and minds of thousands of lukewarm Catholics and brought them back into an active participation in the Church They have also influenced countless conversions to Catholicism among their friends and others who have heard their powerful testimony Written with simplicity charity grace and wit the Hahns deep love and knowledge of Christ and of Scripture is evident and contagious throughout their story Their love of truth and of neighbor is equally evident and their theological focus on the great importance of the family both biological and spiritual will be a source of inspiration for all readers

O'Casey Annual No. 2 Robert G. Lowery, 1983-06-18 [Theological Authority in the Church](#) Steven Nemes, 2023-03-28 Who in the church has the right to tell others what is to be done or believed for the sake of friendship with God How are theological disputes and differences of opinion to be resolved Against the recent trend toward more traditionalist and hierarchical conceptions of the church's role in theology this book argues from the New Testament itself for a low conception of ecclesial theological authority Drawing especially from Jesus's polemics against the Pharisees it makes the case that no one in the church has any further authority than that of derivatively fallibly and in principle reversibly relating and bearing witness to the teachings of Jesus and the works of God in him The book concludes with an extended consideration of the radical anti dogmatic and anti metaphysical consequences of this thesis for the future of Protestant Christian theology vis vis the catholic tradition

American Pope Sean Swain Martin, 2021-10-15 As arguably the most influential voice in American Catholicism the vision that Scott Hahn offers in his works read by millions of Catholics throughout the world is one of the most formative in American Catholicism His numerous books and public speaking engagements are shaping the American Catholic Church in a uniquely powerful manner This work demonstrates that the Catholic vision that Hahn claims to be providing his audience is in fact always quite different from the one he actually presents What he coins as Catholic faithfulness is instead a straightforward and damning Catholic fundamentalism As this vision is delivered to millions of the faithful who look to Hahn as a trustworthy guide to an authentic life of Catholic faith American Pope acts as a critical analysis of his work

[Sex and the Marriage Covenant](#) John Kippley, 2014-01-23 The thesis of this book is that God intends that sexual intercourse should be at least implicitly a renewal of the marriage covenant From this it follows that the marriage covenant provides the criterion to evaluate the morality of every sexual act Thus the title Sex and the Marriage Covenant is an appropriate description of the book s contents Marriage comes into being by a couple unreservedly entering God s covenant of marriage contraceptive intercourse contradicts the very essence of the marriage covenant From these considerations Kippley developed the covenant theology of sexuality described in this book

[Defending Catholicism](#) James S. Anderson, 2019-07-11 Hosts of helpful Catholic apologetic books

currently exist however a concise treatment that specifically targets all the major Protestant objections in an easily accessible manner is hard to find Anderson's fourth volume offers such It provides readers with salient counterpoints for each objection and most often from the very source Protestants use to deny important aspects of the faith the Bible Thus without even realizing it Protestants implicitly accept the Catholic faith as they accept the very texts the faith provided them Important issues such as these are pointed out throughout the book It is a must read for Catholics seeking to address Protestant questions and for Protestants desiring to understand why Catholicism claims to be biblical through and through This work cogently articulates how Catholicism is biblical and just how often Protestant positions are untenable *O'Casey Annual*, 1983
