Why We Make Mistakes Joseph T. Hallinan,2009-02-17 We forget our passwords We pay too much to go to the gym We think we d be happier if we lived in California we wouldn t and we think we should stick with our first answer on tests we shouldn t Why do we make mistakes And could we do a little better We human beings have design flaws Our eyes play tricks on us our stories change in the retelling and most of us are fairly sure we re way above average In *Why We Make Mistakes* journalist Joseph T Hallinan sets out to explore the captivating science of human error how we think see remember and forget and how this sets us up for wholly irresistible mistakes In his quest to understand our imperfections Hallinan delves into psychology neuroscience and economics with forays into aviation consumer behavior geography football stock picking and more He discovers that some of the same qualities that make us efficient also make us error prone We learn to move rapidly through the world quickly

recognizing patterns but overlooking details Which is why thirteen year old boys discover errors that NASA scientists miss and why you can't find the beer in your refrigerator Why We Make Mistakes is enlivened by real life stories of weathermen whose predictions are uncannily accurate and a witness who sent an innocent man to jail and offers valuable advice such as how to remember where you've hidden something important You'll learn why multitasking is a bad idea why men make errors women don't and why most people think San Diego is west of Reno it's not Why We Make Mistakes will open your eyes to the reasons behind your mistakes and have you vowing to do better the next time Road and Track, 1995-05 2009
