The Ukraine Competitiveness Report 2008 , *The Internationalisation of Corruption* Clare Fletcher,Daniela Herrmann,2016-03-03 Corruption scandals hit the headlines all around the world across a diverse range of institutional organisational and cultural settings Corruption is a major obstacle to political social and economic development its internationalisation has had profound implications for counter corruption efforts The Internationalisation of Corruption provides readers with an analytical framework with which to approach the

issue of corruption in international affairs from the perspective of international studies as an interdisciplinary space in the social sciences The authors also examine the implications of corruption in world politics international business and global finance how corruption is linked to transnational crime networks and the consequences of corruption for international development and world health The Internationalisation of Corruption addresses the following questions

Inequality and Finance in Macrodynamics Bettina Bökemeier, Alfred Greiner, 2017-04-26 This contributed volume combines approaches of the current inequality debate with aspects of finance based on profound macroeconomic model analyses Research on inequality has had a long tradition in economics With the financial crisis from 2007 not only output decreased tremendously but also inequality has risen since then The book presents selected contributions of a workshop held at Bielefeld University in 2016 and features additional papers written by experts in the field A mixture of established researchers and young scholars presents both theoretical and empirical frameworks to analyze the subject

American Made Dan DiMicco, 2015-03-03 American manufacturing is on life support at least that's what most people think The exodus of jobs to China and other foreign markets is irreversible and anything that is built here requires specialized skills the average worker couldn't hope to gain Not so says Dan DiMicco chairman and former CEO of Nucor America's largest steel company He not only revived a major US manufacturing firm during a recession but helped galvanize the flagging domestic steel industry when many of his competitors were in bankruptcy or headed overseas In American Made he takes to task the politicians academics and political pundits who he contends are exacerbating fears and avoiding simple solutions for the sake of nothing more than their own careers and contrasts them with the postwar leaders who rebuilt Europe and Japan put a man on the moon and kept communism at bay We need leaders of such resolve today he argues who can tackle a broken job creation engine by restoring manufacturing to its central role in the US economy and cease creating fictitious service businesses where jobs evaporate after a year or two as in a Ponzi scheme With his trademark bluntness DiMicco tackles the false promise of green jobs and the hidden costs of outsourcing Along the way he shares the lessons he's learned about good leadership crisis management and the true meaning of innovation and maps the road back to robust economic growth middle class prosperity and American competitiveness
