Conscience Louisa Thomas,2011-06-02 Norman Thomas and his brothers upbringing prepared them for a life of service but their calls to conscience threatened to tear them apart Conscience is Louisa Thomas s beautifully written account of the remarkable Thomas brothers at the turn of the twentieth century At a time of trial each brother struggled to understand his obligation to his country family and faith Centered around the story of the eldest Norman Thomas later the six time Socialist candidate for president the book explores the difficult decisions the four brothers faced with the advent of World War I Sons of a Presbyterian minister and grandsons of missionaries they shared a rigorous moral upbringing a Princeton education and a faith in the era s spirit of hope Two became soldiers Ralph enlisted right away heeding President Woodrow Wilson s call to fight for freedom A captain in the Army Corps of Engineers he was ultimately wounded in France Arthur the youngest was less certain about the righteousness of the cause but sensitive to his obligation as a citizen and like so many men eager to have a chance to prove himself The other two were pacifists Evan became a conscientious objector protesting conscription when the truce was signed on November 11 1918 he was in solitary confinement Norman left his ministry in the tenements of East Harlem New York and began down the course he would follow for the rest of his life fighting for civil liberties social justice and greater equality and against violence as a method of change Conscience reveals the tension among responsibilities beliefs and desires between ideas and actions and sometimes between brothers Conscience moves from the gothic buildings of Princeton to the tenements of New York City from the West Wing of the White House to the battlefields of France tracking how four young men navigated a period of great uncertainty and upheaval A Thomas family member herself Norman was Louisa s great grandfather Thomas proposes that there is something we might recover from the brothers debates about conscience a way of talking about personal liberty and social obligation about being true to oneself and to one another
