

Guided Reading Activity

The Vietnam War, 1954–1975

Lesson 2 Vietnam Divides the Nation

Review Questions: Outlining

DIRECTIONS: Read the lesson and complete the outline below. Refer to your textbook to fill in the blanks.

I. The Antiwar Movement Emerges

- A. As the Vietnam War dragged on, support waned because many believed that the Johnson administration was not telling the truth about the war.
- B. Many Americans believed a credibility gap existed because of inconsistencies between what was shown by media and what the administration said about the war.
- C. Students and teachers at universities held teach-ins to explain why they opposed the war, while many protesters focused on what they thought was an unfair draft system. Most of the soldiers were working-class and minority youths.
- D. As the war went on, many young men burned their draft cards while an estimated 500,000 refused to go.

Many soldiers argued that if they were old enough to fight, they were old enough to

vote. The 26th amendment gave 18-year-olds the

- a. right to vote in federal and state elections and supported the war.
- b. right to vote in federal and state elections and opposed the war.

II. The Peace Push

- A. Senator Eugene McCarthy opposed the war and South Vietnam. This attack, called the Tet Offensive, was reported. Americans, however, were warned that an enemy was about to launch a large-scale attack.

On March 25, 1968, Johnson declared the nation with the announcement that

he would not seek reelection.

His announcement marked the nation entering a new phase.

Barry Kennedy was appointed to be in the lead for the Democratic Party's nomination for president.

- B. In the presidential election of 1968, Republican candidate Richard Nixon was elected because he promised to bring peace and order to the country.

The Well-Trained Mind Susan Wise Bauer, Jessie Wise, 2024-04-02 The classic handbook on home schooling updated for a new generation of parents and students Is your child getting lost in the system becoming bored losing his or her natural eagerness to learn If so it may be time to take charge of your child s education by doing it yourself The Well Trained Mind will instruct you step by step on how to give your child an academically rigorous comprehensive education from preschool through high school one that will train him or her to read to think to understand to be well rounded and curious about learning Veteran home educator Susan Wise Bauer outlines the classical pattern of education called the trivium which organizes learning around the maturing capacity of the child s mind and comprises three stages the elementary school grammar stage when the building blocks of information are absorbed through memorization and rules the middle school logic stage in which the student begins to think more analytically and the high school rhetoric stage where the student learns to write and speak with force and originality Using this theory as your model you ll be able to instruct your child whether full time or as a supplement to classroom education in all levels of reading writing history geography mathematics science foreign languages rhetoric logic art and music regardless of your own aptitude in those subjects A new optional Resource Recommendations Portal provides subscribers with curated lists of the best curricula for every grade level and learning style

Thousands of parents have already used the methods described in *The Well Trained Mind* to create a truly superior education for children in their care. You do have control over what and how your child learns. *The Well Trained Mind* will give you the tools you'll need to teach your child with confidence and success.

Visualizing Elementary Social Studies Methods John K. Lee, 2007-09-17 This debut edition of *Visualizing Elementary Social Studies* offers students a unique way to explore issues and ideas about how to teach social studies using text pictures and graphics brought together in a stimulating and thoughtful design. In this book content and pedagogy are blended to take advantage of the rich visual context that National Geographic images provide. Students who use this book will explore central teacher education topics in elementary social studies along with concepts and ideas from social studies disciplines including history geography political science economics and behavioral sciences. *Visualizing Elementary Social Studies* is infused with explorations of how to teach in subject matter contexts given the democratic purposes of social studies. This Wiley Visualizing title is a unique book that combines Wiley's expertise in creating top quality textbooks with rich visual resources such as photographs maps illustrations diagrammatic art and videos and the content and teaching expertise of new and current authors and unique partnerships. *Visualizing Elementary Social Studies* relies heavily on the integration of these visuals with text to elucidate concepts for students and solidify their understanding of them. The goal is to help students understand the world around them and interpret what they see in a meaningful accurate and exciting way. The content design and layout of the titles take advantage of the full capacity in which students process information visual as well as verbal. Looking for a more cost effective way to purchase this text? Check out www.wiley.com/college/wileyflex to learn more.

El-Hi Textbooks and Serials in Print, 1985 **American Vision, Unit 9 Resources** McGraw-Hill Staff, 2002-05 **Resources in Education**, 2001-04 **Teaching History with Film** Alan S. Marcus, Scott Alan Metzger, Richard J. Paxton, Jeremy D. Stoddard, 2018-07-04 *Teaching History with Film* provides a fresh engaging and clear overview of teaching with film to effectively enhance social studies instruction. Using cases of experienced teachers to illustrate accomplished history teaching through movies this text provides pre and in service teachers with ideas for implementing film based lessons in their own classrooms and offers a deeper understanding of the thorny issues involved in using film to teach history. The second edition is completely revised and updated including two entirely new case studies a new chapter focusing on using international film and incorporating a more global view in the classroom and additional material on using film to tackle difficult and controversial issues as well as updates to all of the cases. Each section of the book focuses on how teachers can effectively support the development of students historical film literacy through topics such as using film to develop interpretive skills to explore controversial issues and to develop historical empathy. By developing the skills students need to think critically about the past or what they think they know about history the lessons in this book illustrate how to harness the pedagogical power of film to provide the tools necessary for rigorous inquiry and democratic citizenship. Special features include Reflection on the Case following each chapter.

analyzing and discussing the strengths and limitations of the teacher's approach as well as providing strategies for using and choosing films specific to the educational outcome Sample unit outlines descriptions of class texts and films worksheets essay questions viewer guides and exercises for the classroom throughout Discussion of the practical considerations facing classroom teachers including juggling time restraints issues of parental permission and meeting standards
