

Visualizing the Global WEALTH PYRAMID

Analysis from UBS shows how **\$454.4T in global wealth** was distributed in 2022, based on net worth.

SHARE OF GLOBAL WEALTH By Wealth Range

NUMBER OF GLOBAL ADULTS By Wealth Holdings

The share of adults in the lowest wealth range has dramatically declined over the last two decades.

Since 2000, the global middle class has more than doubled, driven by the expansion of emerging economies.

The number of global millionaires is forecast to reach **86M** by 2027, up from **59.4M** in 2022.

World Wealth Report :

Handbook on Wealth and the Super-Rich Iain Hay, Jonathan V Beaverstock, 2016-01-29 Fewer than 100 people own and control more wealth than 50 per cent of the world's population. The Handbook on Wealth and the Super Rich is a landmark multidisciplinary evaluation of both the lives and lifestyles of the super rich as well as the processes that underpin super wealth generation and its unequal distribution. Drawing on international case studies, leading experts from across the social sciences offer 22 accessible and coherently organized chapters which critically analyse a range of topics including the legitimacy of extreme wealth from a moral economic perspective, biographies of illicit super wealth, London's housing markets, how the very wealthy fly, the environmental consequences of super rich lives, crafting immigration policies to attract the rich. Students and scholars studying a host of topics such as development studies, economics, geography, history, political science and sociology will find this book eminently engaging. It will also be of great interest to public commentators, charitable organizations and NGOs concerned with wealth and income distributions.

Geographies of the Super-rich Iain Hay, 2013-01-01 Globalization it seems has propelled the world's uber wealthy to new heights of power and money with tremendous repercussions for the other 99.9 percent of us. At a time when neoliberalism has propelled the world into a new Gilded Age with rising inequality everywhere, an aggressive class war being waged by the wealthy and billionaires inserting themselves bluntly into the political arena, understanding the behavior and spatiality of the super rich has acquired a pressing urgency. This volume offers a richly textured suite of essays concerning how the super rich have restructured local places, transforming landscapes as varied as London and Kentucky, Ireland and St Barts, as well as domains as varied as art, thoroughbred horses and housing. Barney Warf, University of Kansas, US. The world's super rich made up of just 11 million people have access to about US \$42.0 trillion of wealth. These are people who each have a spare million of liquid wealth. Their wealth is roughly equal to two thirds of global GDP. They own most of everything. As the editor of this book states, library shelves and the pages of journals remain largely devoid of geographical work on the super rich, a startling lacuna. This volume sets out to fill it. The super rich now own most of the planet. During the last year, their share fell slightly. Times may be changing. Now is the time to begin to study the super rich in detail, especially if you are worried about where all the wealth has gone. Danny Dorling, University of Sheffield, UK. This timely and path-breaking book brings together a group of distinguished and emerging international scholars to critically consider the geographical implications of the world's super rich, a privileged yet remarkably overlooked group. Emerging from this unique collection is an enlightening picture of the influence of the super rich over a diverse range of affairs, extending from the shape of urban and rural landscapes to the future of art history. By concentrating on those at the apex of the economic pyramid, this book provides valuable insights to the institutions, practices and cultural values of our society, as well as allowing us a more comprehensive view of the consequences of global capitalism. Presenting case studies from across the globe, from Singapore to St Barts, London to Lexington, the spatial and cultural span

of the book is wide ranging and diverse This truly unique book will prove a fascinating read for academics researchers and students in the fields of geography regional and urban studies sociology political science and development studies *Elite Mobilities* Thomas Birtchnell, Javier Caletrio, 2013-08-22 Small in number but great in influence mobile elites have shaped the contours of global capitalism Today these elites continue to flourish globally but in a changing landscape The current economic crisis and rising concerns about the moral legitimacy of extreme wealth coincides with stern warnings over the risks posed by climate change and the unsustainable use of resources Often an out of bounds topic in critical social science elites are thought of as too inaccessible a group to interview and too variable a minority to measure This groundbreaking collection sets out to challenge this perception Through the careful examination of the movements of the one per cent through the everyday spaces of the ninety nine per cent *Elite Mobilities* investigates the shared zones elites inhabit alongside the commons the executive lounge in the airport the penthouse in the hotel or the gated community next to the slum Bringing together the pioneer scholars in critical sociology today this collection explores how social scientists can research map and track the flows and residues of objects wealth and power surrounding the hypermobile *Elite Mobilities* sets a new benchmark in social science efforts to research the powerful and the privileged It will appeal to students and scholars interested in mobilities transport tourism social stratification class inequality consumption and global environmental change Alpha City Rowland Atkinson, 2020-07-21 How London was bought and sold by the Super Rich and what it means for the rest of us Who owns London Today the city is the epicentre of the world s financial markets an elite cultural hub and a place to hide one s wealth In *Alpha City* Rowland Atkinson tells the story of eager developers sovereign wealth and grasping politicians all of which paved the way for the plutocratic colonisation of the cityscape Atkinson moves through the gated communities and the mega houses of the urban elite charting how the rich live and their influence on the disturbing rise in evictions and displacements from the city The book fully updated also looks at the capital s prospects in the aftermath of Brexit and the pandemic showing how the super rich may capitalise on the crisis increasing inequality and hardship **Global Tax Revolution** Chris R. Edwards, Daniel Mitchell, 2008 Introduction Capital explosion Tax cut revolution Flat tax club Mobile brains and mobile wealth Taxing businesses in the global economy The economics of tax competition The battle for freedom and competition The moral case for tax competition Options for U S policy **Wealth** Merrill Lynch, CapGemini, 2010-01-08 In *Wealth* Merrill Lynch and Capgemini present a readable guide on what drives the success of HNWIs as well as the trends growth increased complexity and competitiveness of the global wealth management market all based on over a decade of research Full of wealth building strategies for HNWIs everywhere as well as for those who aspire to join their ranks and those who advise them *Wealth* is a complete guide to successful holistic wealth management Comprehensive coverage includes What you should aspire to achieve with your wealth management goals New ways in which HNWIs should be thinking about planning for the future How to get to the next level of wealth Trends similarities and differences in various

regions around the world Innovative approaches to asset allocation and alternative investments The increasing role of philanthropy the growing importance of inter generational wealth transfer and other emerging issues for HNWI's In depth interviews with prominent high net worth and ultra high net worth individuals as well as advisors Provocative thinking on where the future of the wealth management industry is going

African Philanthropy Bhekinkosi Moyo, Mzukisi Qobo, Nomfundo Ngwenya, 2023-03-02 Opening novel avenues of knowledge in the study of African philanthropy and development this incisive book provides a critical assessment of philanthropic responses during crisis and non crisis periods It explores how collaboration between multilateral institutions and philanthropic organisations during a crisis can be harnessed and replicated to address the continent's developmental challenges during non crisis periods
