Nicolas Barreyre,Nicolas Delalande,2020-10-26 This book analyzes public debt from a political historical and global perspective It demonstrates that public debt has been a defining feature in the construction of modern states a main driver in the history of capitalism and a potent geopolitical force From revolutionary crisis to empire and the rise and fall of a post war world order the problem of debt has never been the sole purview of closed economic circles This book offers a key to understanding the centrality of public debt today by revealing that political problems of public debt have and will continue to need a political response Today s tendency to consider public debt as a source of fragility or economic inefficiency misses the fact that since the eighteenth century public debts and capital markets have on many occasions been used by states to enforce their sovereignty and build their institutions especially in times of war It is nonetheless striking to observe that certain solutions that were used in the past to smooth out public debt crises inflation default cancellation or capital controls were left out of the political framing of the recent crisis therefore revealing how the balance of power between bondholders taxpayers pensioners and wage earners has evolved over the past 40 years Today as the Covid 19 pandemic opens up a dramatic new crisis reconnecting the history of capitalism and that of democracy seems one of the most urgent intellectual and political tasks of our time This global political history of public debt is a contribution to this debate and will be of interest to financial economic and political historians and researchers Chapters 13 and 19 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) [Belgium and the Belgian People](#) Louis G. Redmond Howard,1914

What happened in 3rd Century Dr. Hau B Lau,2025-08-09 3rd Century is the third volume in the comprehensive Twenty Centuries Twenty Volumes series examining one of history s most transformative and chaotic periods This meticulously researched work explores the catastrophic collapse of the Roman Empire s golden age the fall of China s Han Dynasty and the simultaneous crises that reshaped three major civilizations between 200 300 CE The book chronicles the Military Anarchy that saw fifty emperors rise and fall in as many years the devastating Plague of Cyprian that decimated populations across the Mediterranean and the revolutionary Sasanian Persian Empire that humiliated Rome by capturing Emperor Valerian Through detailed analysis of primary sources and archaeological evidence it reveals how climate change economic collapse barbarian invasions and religious transformation converged to end the ancient world s stability From the

Syrian Empresses who wielded unprecedented power behind the throne to the philosophical innovations of Plotinus and Neoplatonism from the breakdown of the Silk Road trade networks to the rise of Christian persecution under Decius and Diocletian this volume captures the full scope of third century upheaval The narrative seamlessly weaves together military campaigns economic analysis religious developments and social transformation to show how crisis became the catalyst for the medieval world The book's global perspective sets it apart comparing the Roman crisis with the Three Kingdoms period in China and examining how climate cooling affected agricultural societies worldwide Richly illustrated with maps timelines and architectural photographs it brings to life the fortified cities militarized villas and desperate defensive measures that characterized this age of survival 3rd Century demonstrates how the darkest period in Roman history ultimately produced the innovations military administrative and religious that would define the late empire and early medieval period Essential reading for historians students and anyone seeking to understand how civilizations adapt transform and endure through existential crisis
