Annotated Instructor's Edition Addison-Wesley Longman, Incorporated, 1999-08 The Joy of Teaching Peter Filene, 2009-11-13 Gathering concepts and techniques borrowed from outstanding college professors The Joy of Teaching provides helpful guidance for new instructors developing and teaching their first college courses Award winning professor

Peter Filene proposes that teaching should not be like a baseball game in which the instructor pitches ideas to students to see whether they hit or strike out. Ideally, he says, teaching should resemble a game of Frisbee in which the teacher invites students to catch ideas and pass them on. Rather than prescribe any single model for success, Filene lays out the advantages and disadvantages of various pedagogical strategies, inviting new teachers to make choices based on their own personalities, values, and goals. Filene tackles everything from syllabus writing and lecture planning to class discussions, grading, and teacher-student interactions outside the classroom. The book's down-to-earth, accessible style makes it appropriate for new teachers in all fields. Instructors in the humanities, the social sciences, and the natural sciences will all welcome its invaluable tips for successful teaching and learning.

Perspectives on History, 2009 Civilization Past & Present Palmira Johnson Brummett, 2000. The new edition of *Civilization Past and Present* is a major revision of a classic text; the last edition had Wallbank as the lead author. *Civilization Past and Present* has a strong European core with excellent global coverage and is well known in the marketplace as a highly readable, accessible survey text. This is important since students often complain that they are overwhelmed with too much content in this course. The main thrust of the revision is to make the book more inclusive of areas beyond Europe. With two new authors, an Annotated Instructors Edition, a new unique feature that focuses on primary maps, a beautiful new four-color design, and a premiere supplements package on the market, this edition of *Civilization Past and Present* offers students and professors an accessible and exciting survey of World Civilization. For the first time, we will be adding an Annotated Instructors Edition which will provide numerous useful teaching suggestions and ideas. The Annotated Instructors Edition is unique in this market and will prove invaluable to professors who invariably end up teaching parts of the course which are out of their area of expertise, since the course is so broad. This edition is available electronically on CD-ROM that includes the entire text, study guide, videos, web links, maps, charts, and photos. Free when bundled, this exciting new multimedia learning tool is easy to navigate and makes reading the textbook fun. Students will love how simple it is to take notes online, search for a topic, create a binder of documents, take practice tests, and watch historical videos.
