Applied Genetics

A. Duchenne muscular dystrophy is a deadly disorder in which the muscles grow progressively weaker. The disease is caused by a recessive gene on the X chromosome. The pedigree chart below illustrates the inheritance of this gene. Use the chart to answer the questions that follow.

1. Is Duchenne muscular dystrophy more likely to occur in males or in females? Explain your answer.

Males because they only have 1 X chromosome that needs the recessive allele

2. Individual H is a female with this disorder. Explain how she inherited this disease. Her father gave her his X chromosome with the recessive allele & her mom was a carrier.

3. Individual K has this disorder, yet his father did not. Explain how this is genetically possible.

Individual K got his X chromosome from his mom, not his dad.

4. Individual G does not have the disease, yet his mother was a carrier and his father had the disease. Explain how this is possible.

Individual G got the Y chromosome from his dad and the X without the disease from his mom.

Embracing the Beat of Term: An Psychological Symphony within **Study Guide Section 11 Applied Genetics Answers**

In a world used by displays and the ceaseless chatter of quick conversation, the melodic splendor and psychological symphony produced by the prepared term usually fade into the back ground, eclipsed by the persistent noise and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Study Guide Section 11 Applied Genetics Answers** a charming literary treasure full of organic feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this interesting masterpiece conducts visitors on an emotional journey, skillfully unraveling the concealed songs and profound affect resonating within each cautiously crafted phrase. Within the depths of this poignant examination, we shall explore the book is key harmonies, analyze their enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
