Dryden's Final Poetic Mode Cedric D. Reverand II, 2016-11-11 Two months before he died Dryden published a collection of verse translations and original poetry *Fables Ancient and Modern* the work for which he was most admired throughout the eighteenth and nineteenth centuries Cedric Reverand argues that *Fables* which has for the most part escaped modern scrutiny embodies a purposeful subversive strategy and constitutes a new poetic mode that emerged when the laureate public spokesman for king and country lost his official post and became an outcast a minority voice In Dryden's Final Poetic Mode Reverand focuses on Dryden's characteristic concerns love and war power and kingship the heroic code the Christian ideal tracing how Dryden assembles informing ideals and yet dissolves them as well By examining Dryden's treatment of familiar issues Reverand demonstrates that this final poetic mode is not discontinuous with the earlier poetry *bill* is a further development a reevaluation of the principles that sustained the poet throughout his career *Fables* expresses Dryden's personal experience dealing with a changed and changing world With the values he cherished crumbling he is trapped into trying to reconcile the irreconcilable His book reveals the fragility of various systems of value and the futility of discovering abiding ideals in a universe of perpetual flux but it also reveals a poet who actively pursues meaning rather than surrendering to despair It is this attempt to accommodate to a changing subversive world that Reverand asserts is the impulse behind *Fables* and the central issue of Dryden's life in the 1690s Dryden's Final Poetic Mode will interest students and scholars of seventeenth and eighteenth century British literature [The Encyclopedia of Romantic Literature, 3 Volume Set](#) Frederick Burwick, Nancy Moore Goslee, Diane Long Hoeveler, 2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction Comprises over 275 entries ranging from 1 000 to 6 500 words arranged in A Z format across three fully cross referenced volumes Written by an international cast of leading and emerging scholars Entries explore genre development in prose poetry and drama of the Romantic period key authors and their works and key themes Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24/7 access and powerful searching browsing and cross referencing capabilities *The Broadview Anthology of American Literature Volume A: Beginnings to 1820* Derrick R.
