World War And Its Aftermath Form:

The First World War and Its Aftermath T. G Fraser, T.G. Fraser, 2015-09-15 Think of a map of World War I and chances are that map will be of Europe but the First World War had just as heavy an impact on the Middle East shaping the region into what we know it as today This book gathers together leading scholars in the field to examine this impact which is crucial to understanding the region's current problems and the rise of groups like the Islamic State In addition to recounting the crucial international politics that drew fierce lines in the sands of the Middle East a story of intrigue between the British Russians Ottomans North Africans Americans and others the contributors engage topics ranging from the war's effects on women the experience of the Kurds sectarianism the evolution of Islamism and the importance of prominent intellectuals like Ziya Gökalp and Michel Aflaq They examine the dissolution of the Ottoman empire the exploitation of notions of Islamic unity and pan Arabism the influences of Woodrow Wilson and American ideals on Middle East leaders and likewise the influence of Vladimir Lenin's vision of a communist utopia Altogether they tell a story of promises made and promises broken of the struggle between self determination and international recognition of centuries old empires laying in ruin and of the political poker of the twentieth century that carved up the region separating communities into the artificial states we know today

After Modernism Pelagia Goulimari, 2023-03-31 While celebrating the centenary of the annus mirabilis of modernism we now encounter modernism after postmodernist poststructuralist postcolonial critical race feminist queer and trans writing and theory Out of the figures narratives and concepts they have developed a less universal more global decentred context specific interconnected modernism emerges In after modernism the meanings of after include periodisation homage and critique This book attends to neglected genealogies and intertexts high and low yet offering unacknowledged ontological epistemological conceptual and figurative resources How have artists of the Global South negotiated the hierarchical division of art capital into Western high art vs Global South culture Modernity's location has been the Western metropolis but other origin stories have been centring slavery colonialism the nation state If modernity did not originate once why not multiple and still to come modernities Instead of a universalizable Western modernity vs local non Western traditions the contributors to this book discern multiple modern traditions Rather than reifying their heterogeneity the authors tunnel for lost transnational connections The nation state and the citizen have together defined Western modernity and the civilized Yet they have required the gender binary gender and sexual normativity assimilation exclusion forced migration partition segregation In between the public and the private humans and the natural world this book explores a multiple relational modern subjectivity collectivity and cosmic interconnectivity whose space is indivisible entangled ever folding and unfolding It was originally published as a special issue of the journal *Angelaki* **American Literature in Transition, 1940-1950** Christopher Vials, 2017-12-28 In the aftermath of World War II the United States emerged as the dominant imperial power and in US popular memory the Second World War is remembered more vividly than the American Revolution American

Maps: Their Untold Stories 2nd edition Rose Mitchell, Andrew Janes, 2025-09-11 A new edition of this fascinating and unusual journey through the world of maps and mapmakers drawing on 700 years worth of maps from the National Archives A map is a snapshot of a place a city a nation or even the world at a given point in time

fascinating for what they tell us about the way our ancestors saw themselves their neighbours and their place in the world This magnificent collection drawn from seven centuries of maps held in the National Archives at Kew looks at a variety of maps from those found in 14th century manuscripts through to early estate maps to maps used in 20th century military campaigns Great images are accompanied by compelling stories Featured is a woodcut map of 16th Century London a map of where the bombs fell during the Second World War and a map the first American settlers drew when they were attempting to establish a new empire on Roanoke Island off the coast of what is now North Carolina This new edition has been revised throughout with many new maps added including newly discovered and digitised maps from North America A whole new chapter Mapping Buildings has also been added Maps: their untold stories Rose Mitchell,Andrew Janes,2014-09-11 A map is a snapshot of a place a city a nation or even the world at a given point in time fascinating for what they tell us about the way our ancestors saw themselves their neighbours and their place in the world This magnificent collection drawn from seven centuries of maps held in the National Archives at Kew looks at a variety of maps from those found in 14th Century manuscripts through early estate maps to sea charts maps used in military campaigns and maps from treaties The text explores who the mapmakers were the purposes for which the maps were made and what it tells us about the politics of the time Great images are accompanied by compelling stories Featured is a woodcut map of 16th Century London a map of where the bombs fell during the Second World War and a map the first American settlers drew when they were attempting to establish a new empire on Roanoke Island off the coast of what is now North Carolina Richly illustrated with large scale reproductions of the maps the book also includes some of the more amusing or esoteric maps from the National Archives such as the map of the Great Exhibition in 1851 that was presented on a lady s glove a London Underground map in the form of a cucumber and a Treasure Island map used to advertise National Savings This is a fascinating and unusual journey through the world of maps and mapmakers **A History of American Architecture** Mark Gelernter,2001 Why did the colonial Americans give over a significant part of their homes to a grand staircase Why did the Victorians drape their buildings ornate decoration And why did American buildings grow so tall in the last decades of the 19th century This book explores the history of American architecture from prehistoric times to the present explaining why characteristic architectural forms arose at particular times and in particular places *Jewish and Romani Families in the Holocaust and its Aftermath* Eliyana R. Adler,Katerina Capková,2020-10-16 Diaries testimonies and memoirs of the Holocaust often include at least as much on the family as on the individual Victims of the Nazi regime experienced oppression and made decisions embedded within families Even after the war sole survivors often described their losses and rebuilt their lives with a distinct focus on family Yet this perspective is lacking in academic analyses In this work scholars from the United States Israel and across Europe bring a variety of backgrounds and disciplines to their study of the Holocaust and its aftermath from the family perspective Drawing on research from Belarus to Great Britain and examining both Jewish and Romani families they

demonstrate the importance of recognizing how people continued to function within family units broadly defined throughout the war and afterward

Children in the Holocaust and its Aftermath Sharon Kangisser Cohen, Eva Fogelman, Dalia Ofer, 2017-04-01 The testimonies of individuals who survived the Holocaust as children pose distinct emotional and intellectual challenges for researchers as now adult interviewees recall profound childhood experiences of suffering and persecution they also invoke their own historical awareness and memories of their postwar lives requiring readers to follow simultaneous disparate narratives This interdisciplinary volume brings together historians psychologists and other scholars to explore child survivors accounts With a central focus on the Kestenberg Holocaust Child Survivor Archive s over 1 500 testimonies it not only enlarges our understanding of the Holocaust empirically but illuminates the methodological theoretical and institutional dimensions of this unique form of historical record

Animation Paul Wells, 2019-07-25 Animation Genre and Authorship explores the distinctive language of animation its production processes and the particular questions about who makes it under what conditions and with what purpose In this first study to look specifically at the ways in which animation displays unique models of auteurism and how it revises generic categories Paul Wells challenges the prominence of live action moviemaking as the first form of contemporary cinema and visual culture The book also includes interviews with Ray Harryhausen and Caroline Leaf and a full timeline of the history of animation
