The Character Of Rain A Novel:

The Character of Rain Amelie Nothomb, 2007-04-01 The Japanese believe that until the age of three children whether Japanese or not are gods each one an okosama or lord child On their third birthday they fall from grace and join the rest of the human race In Amelie Nothomb's new novel The Character of Rain we learn that divinity is a difficult thing from which to recover particularly if like the child in this story you have spent the first two and a half years of life in a nearly vegetative state I remember everything that happened to me after the age of two and one half the narrator tells us She means this literally Once jolted out of her plant like tube like trance to the ecstatic relief of her concerned parents the child bursts into existence absorbing everything that Japan where her father works as a diplomat has to offer Life is an unfolding pageant of delight and danger a ceaseless exploration of pleasure and the limits of power Most wondrous of all is the discovery of water oceans seas pools puddles streams ponds and perhaps most of all rain one meaning of the Japanese character for her name Hers is an amphibious life The Character of Rain evokes the hilarity terror and sanctity of childhood As she did in the award winning international bestseller Fear and Trembling Nothomb grounds the novel in the outlines of her experiences in Japan but the self portrait that emerges from these pages is hauntingly universal Amelie Nothomb's novels are unforgettable immersion experiences leaving you both holding your breath with admiration your lungs aching and longing for more

The Online Self Soraj Hongladarom,2016-07-27 This book investigates the emerging phenomenon of the self as it exists in the online world It argues for an externalist conception of self and identity one that does not depend on the continuity of consciousness of the subject It also offers an analysis of related phenomenon such as online friendship and games based on this analysis An outstanding feature of social networking sites such as Facebook and MySpace is that it allows for the user to put forward their selves or their identity onto the Internet and use the online self as an anchor to connect with any number of friends each of whom also has their own online selves A number of questions then arise which are deeply conceptual and philosophical in nature What is the metaphysical nature of this emerging online self Is

it the same or fundamentally different from the offline self with which we are already familiar Since increasing numbers of people are connected to the online world this world itself seems to be taking on a reality of its own This much has been appreciated by a number of scholars in the field However there seems to be lacking a systematic study of the philosophical and metaphysical nature of the self that has become a key element in cyberspace a key topic which this volume addresses Apart from the problem of constitution of the online self this volume addresses related questions concerning personal identity in the online world and scrutinizes computer games and the characteristics that they share with social networking sites Unlike the majority of the existing literature which discusses the topic from a more social scientific perspective this volume fills the lacuna of a philosophical and theoretical study of the online world

A Hard Rain Frye Gaillard, 2018-07-01 Frye Gaillard has given us a deeply personal history bringing his keen storyteller's eye to this pivotal time in American life He explores the competing story arcs of tragedy and hope through the political and social movements of the times civil rights black power women's liberation the War in Vietnam and the protests against it But he also examines the cultural manifestations of change music literature art religion and science and so we meet not only the Brothers Kennedy Martin Luther King Jr and Malcolm X but also Gloria Steinem Janis Joplin Jimi Hendrix Johnny Cash Harper Lee Mister Rogers Rachel Carson James Baldwin Andy Warhol Billy Graham Thomas Merton George Wallace Richard Nixon Angela Davis Barry Goldwater the Beatles Bob Dylan and the Berrigan Brothers There are many different ways to remember the sixties Gaillard writes and this is mine There was in these years the sense of a steady unfolding of time as if history were on a forced march and the changes spread to every corner of our lives As future generations debate the meaning of the decade I hope to offer a sense of how it felt to have lived it **A Hard Rain** is one writer's reconstruction and remembrance of a transcendent era one that for better or worse lives with us still

Romantic Postmodernism in American Fiction Eberhard Alsen, 2023-12-21 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the *Columbia History of the American Novel* 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen's book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O'Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disjunctive and nihilist

colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence Like A Pelting Rain Roland Cap Ehlke,2018-04-10 When it comes to analyzing today s culture people talk about politics economics and even morals Like a Pelting Rain The Making of the Modern Mind goes deeper and looks at the spiritual condition of Western civilization How we arrived at where we are is the long and complex interplay of theology and culture Understanding the trends of the times does not necessitate accepting them God calls upon Christians to contend for the faith The Holy Spirit is still at work and the Gospel remains the power of God for the salvation of all who believe **Red Earth and Pouring Rain** Vikram Chandra,1997 In Vikram Chandra S Astonishing First
