The City of Fire Grace Livingston Hill, 1922 Excerpt sinned against God and his better self and had begun his eternal life on earth It was too late ever to turn back All Hope abandon ye who enter here He had read it and defied it He had entered knowing what he was about and thinking poor fool that he was that he was doing a wise and noble thing for the sake of another Over in the little parsonage the white souled girl was walking in an earthly heaven Ah There was nothing nothing they had in common now any more She lived in the City of Hope and he in the City of Fire He flung out the book from him and dropped his face into his hands crying softly under his breath Oh Lynn Lynn Marilyn XV For one instant Lynn stood against the closed door flaming with anger her eyes flashing fire as they well knew how to flash at times Then suddenly her lips set close in a fine control the fire died out of her eyes she drew a deep breath and a quick whimsical smile lighted up her face which nevertheless did not look in the least like one subdued You know I could get very angry at that if I chose and we d have all kinds of a disagreeable time but I think it would be a little pleasanter for us both if you would cut that out don t you She said it in a cool little voice that sounded like one in entire command of the situation and Opal turned around and stared at her admiringly Then she laughed one of her wild silvery laughs that made them say she had a lute like voice and sauntered over toward her hostess You certainly are a queer girl she commented I suppose it would be better to be friends inasmuch as we re to be roommates Will you smoke with me and out from the depths of a beaded affair that was a part of her frock and yet looked more like a bag than a pocket she drew forth a gold cigarette case and held it out Marilyn controlled the growing contempt in her face and answered with spirit No I don t smoke And you won t smoke either not in here I m sorry to seem

scholarship have made him one of the most admired historians of Renaissance Italy here provides a remarkably fresh perspective on Savonarola the preacher and agitator who flamed like a comet through late fifteenth century Florence The Dominican friar has long been portrayed as a dour puritanical demagogue who urged his followers to burn their worldly goods in the bonfire of the vanities But as Martines shows this is a caricature of the truth the version propagated by the wealthy and powerful who feared the political reforms he represented Here Savonarola emerges as a complex and subtle man both a religious and a civic leader who inspired an outpouring of political debate in a city newly freed from the tyranny of the Medici In the end the volatile passions he unleashed and the powerful families he threatened sent the friar to his own fiery death But the fusion of morality and politics that he represented would leave a lasting mark on Renaissance Florence For the many readers fascinated by histories of Renaissance Italy such as Brunelleschi s Dome or Galileo s Daughter and Martines s acclaimed April Blood Fire in the City offers a vivid portrait of one of the most memorable characters from that dazzling era
