The Coincidence Authority English Edition:

The Coincidence Authority J. W. Ironmonger, 2014 *The Coincidence Authority* is a novel about love in a random universe about two lost souls each with a quest to understand the secret patterns of their lives From the windswept tranquillity of a Manx village to the brutal abduction of child soldiers in Africa the lives of Thomas Post and Azalea Lewis intertwine as they try to untangle the mystery of Azalea's past A mystery that began with a seagull and four pieces of bread American Edition of the British Encyclopedia William Nicholson, 1821 *Authority in European Book Culture 1400-1600* Polle Bromilow, 2016-04-08 Through its many and varied manifestations authority has frequently played a role in the communication process in both manuscript and print This volume explores how authority whether religious intellectual political or social has enforced the circulation of certain texts and text versions or acted to prevent the distribution of books pamphlets and other print matter It also analyzes how readers writers and printers have sometimes rebelled against the constraints and restrictions of authority publishing controversial works anonymously or counterfeiting authoritative texts and how the written or printed word itself has sometimes been perceived to have a kind of authority which might have had ramifications in social political or religious spheres Contributors look at the experience of various European cultures English French German and Italian to allow for comparative study of a number of questions pertinent to the period Among the issues explored are local and regional factors influencing book production the interplay between manuscript and print culture the slippage between authorship and authority and the role of civic and religious authority in cultural production Deliberately conceived to foster interdisciplinary dialogue between the history of the book and literary and cultural history this volume takes a pan European perspective to explore the ways in which authority infiltrates and is in turn propagated or undermined by book culture *Intralingual Translation of British Novels* Linda Pillière, 2021-04-22 Shortlisted for the ESSE 2022 Book Awards Shortlisted for the 2022 SAES AFEA Research Prize Building on an upsurge of interest in the Americanisation of British novels triggered by the Harry Potter series this book explores the various ways that British novels from children's fiction to travelogues and Book Prize winners have been adapted and rewritten for the US market Drawing on a vast corpus of over 80 works and integrating the latest research in multimodality and stylistics Linda Pillière analyses the modifications introduced to make British English texts more culturally acceptable and accessible to the American English reader From paratextual differences in cover illustrations typeface and footnotes to dialectal changes to lexis tense syntax and punctuation Pillière explores the sociocultural and ideological pressures involved in intralingual translation and shows how the stylistic effects of such changes including loss of meaning voice rhythm and word play often result in a more muted American edition In doing so she reveals how homing in on numerous small adjustments can provide fascinating insights into the American publishing process and readership **Prestige, Authority, and Power in Late Medieval Manuscripts and Texts** Felicity Riddy, 2000 A range of manuscripts and texts from various social contexts studied for what they reveal of that

Anderman,Margaret Rogers,2005-01-01 In and out of English For Better For Worse is concerned with the impact of English as the lingua franca of today s world in particular its relationship with the languages of Europe Within this framework a number of themes are explored including linguistic imperialism change as the result of language contact the concept of the English native speaker and the increasing need in an enlarged Europe for translation into as well as out of English The British Cicero ,1808 **The British Cicero** Thomas Browne,1808 British Critic ,1806 **The British Critic, and Quarterly Theological Review** ,1806 Hong Kong Public Housing Miles Glendinning,2024-11-28 Hong Kong Public Housing provides the first comprehensive history of one of the most dramatic episodes in the global history of the modern built environment the vast public housing programme sponsored by successive Hong Kong governments from the 1950s in a quest to build up the territory into a lasting people s home And unlike many of its counterparts elsewhere this is a programme still ongoing today a case of history in progress as Hong Kong now boasts one of the world s longest lasting public housing programmes During that time it has been not just a mirror of the cultural and economic values of Hong Kong society but also a reflection of more nebulous fast changing perceptions of identity and a testament to the community building achievements of Hongkongers over these years This authoritative study combines architectural history with the broader social political and cultural aspects of housing production particularly the geo political issues of sovereignty and decolonisation that uniquely and fundamentally structured the trajectory of Hong Kong public housing and territory development Exploring the relationship between built form ideology and administrative governance it shows how massive state intervention interacted at times uneasily with Hong Kong s dominant laissez faire ethos to help maintain the legitimacy of successive administrations during an era of auto decolonisation and support an interstitial society suspended between two sovereignties Following more recent political changes Hong Kong s public housing heritage has also become a focus of nostalgic community pride a monumental achievement of home building which this book documents and celebrates for posterity Authority and Displacement in the English-Speaking World (Volume II) Florence Labaune-Demeule,2016-01-14 Whether one thinks of the modern world or of more remote times both seem to have been affected if not moulded by the interaction between the concepts of authority and displacement Indeed political and social sources of authority have often been the causes of major geographical displacements as can be illustrated

by the numerous waves of migration which have been observed in the past and which are still present today such as the transportation of slaves from African to American coasts in colonial times If displacement can often be understood as spatial displacement it can also be synonymous with psychological social and even aesthetic displacement for instance through different artistic means or through the use of stylistic discursive devices Displacement also entails displacement dis location as well as dislocation or chaos This suggests that the etymological meaning of the term authority auctoritas has to be highlighted thus referring to the author of a particular work and to the different manifestations of the authorial persona in a work of art This collection of essays in two volumes examines the relationships between the concepts of authority and displacement in the English speaking world without restricting the analysis to a particular area or to the field of literature Some essays do indeed deal with literature from different spatial areas and temporal eras while others look into these concepts from a more cultural or aesthetic point of view Volume Two Exploring American Shores includes essays on the place of famous fugitives in American culture notably through the story of Bonnie and Clyde as well as on the links between displacement authority and sculpture on the one hand Placing and Replacing the Capitol Sculptures and on the links between displacement and photography on the other through a study of Joel Sternfeld s Walking the High Line In addition to investigations of Louise Erdrich s novel Books and Islands in Ojibwe Country Canadian landscapes in transit will be studied to highlight the displacement of the Western landscape tradition in English Canada The volume concludes with a study of some literary works by several writers of Guyanese origin first with an essay comparing Martin Carter s and L on Gontran Damas s literary productions and then with an essay devoted to Fred D Aguiar s novel The Longest Memory 1994
