The Company Of Lies:

The Oxford Handbook of Lying Jörg Meibauer, 2018-11-15 This handbook brings together past and current research on all aspects of lying and deception with chapters contributed by leading international experts in the field We are confronted daily with cases of lying deception bullshitting and fake news making it imperative to understand how lying works how it can be defined and whether it can be detected A further important issue is whether lying should always be considered a bad thing or if in some cases it is simply a useful instrument of human cognition This volume is the first to offer a comprehensive and up to date exploration of these and other issues from the combined perspectives of linguistics philosophy and psychology Chapters offer precise definitions of lying and its subtypes and outline the range of fields in which lying and deception play a role from empirical lie detection and the acquisition of lying to its role in fiction metaphor and humour They also describe the tools and approaches that are used by scholars researching lying and deception such as questionnaire studies EEG neuroimaging and the polygraph The volume will be an essential reference for students and researchers in a range of fields who are looking to deepen their understanding of all aspects of lying and deception and will contribute to establishing the vibrant new field of interdisciplinary lying research **Absolutely Vulnerable, the Crisis of Strategic Business**

Planning in America Thomas Malm, 2009-03-01 What is strategic planning It is a process that only as few as 10% of America s CEO s have been trained to execute Why is it important The statistics say that a strategic approach to business management will increase success by over 1600% **ABSOLUTELY VULNERABLE** is a quick reading book rife with thought provoking anecdotes that caution inspire and amuse Examples like Brother International IBM and RJ Reynolds to describe how a culture can guide a company into re invention Other examples of success and failure come from Consumer Goods US Auto Industry Office Products Wholesale Distribution Education Private Aviation Politics Sports Marketing Coaching and Music Products Malm s stories are thought provoking substantiated and entertaining This is a book on marketing and business management for sure Yet it has a general interest quality that makes it interesting for a broad readership
