The Confusions Of Young Torless:

The Confusions of Young Torless Robert Musil, 2001-09-01 At a bleak isolated military school on the fringes of the Austro Hungarian Empire four young cadets Torless Beineberg Reiting and their victim Basini rift even further away from their school fellows into a private world of ritual secrecy and torture For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators From the Trade Paperback edition [The Confusions of Young Törless](#)

Robert Musil, 2014 Set in a boarding school in a remote area of the Habsburg Empire at the turn of the last century The Confusions of Young Torless is an intense study of an adolescent s psychological development as he struggles to come to terms with his conflicting emotions Through his relationship with two other boys Torless is led into sadistic and sexual encounters with a third pupil which both repel and fascinate him Estranged from everyday life Torless gradually learns to accept his experiences and describe them with analytical precision

Confusions of Young Master Torless Robert Musil, 2018-01-01 As the nineteenth century draws to an end young Torless is sent to a military boarding school for the sons of the nobility on the eastern outreaches of the Austro Hungarian Empire Far from his comfortable free thinking bourgeois home and left to his own devices he experiences the joy pain and self doubt of adolescence He is confronted with desire and love but also his own cruelty as he finds himself participating in his fellow pupils bullying campaigns A dark Bildungsroman which shocked its readership at the time Robert Musil s first novel is a fresco of psychoanalysis philosophy eroticism snobbery sado masochism and schoolboy humour a hothouse of alternately repressed and unchained desires that prefigure the carnage of both World Wars

The Confusions of Young Törless (riverrun editions) Robert Musil, 2021-11-11 The Confusions of Young Torless is a taut powerful depiction of teenage masculinity in this short novel set in an Austrian military academy An unpopular boy is gradually bullied and humiliated by a coterie of better off classmates until the almost unbearable conclusion This was the work which made Musil s name and is his most popular work before his unfinished masterpiece The Man Without Qualities

Young Törless R. Musil, 1982 *Young Törless* Robert Musil, 1978 Uncovers the bullying snobbery and vicious homoerotic violence at an elite boys academy Unsparingly honest in its depiction of the author s tangled feelings about his mother other women and male bonding it also vividly illustrates the crisis of a whole society where the breakdown of traditional values and the cult of pitiless masculine strength were soon to lead to the cataclysm of the First World War and the rise of fascism

Confusions of Young Torless Shaun Whiteside, 2001 *Doing Educational Research* Kenneth George Tobin, 2006 The authors explore a variety of topics from methodologies such as ethnography action research hermeneutics historiography psychoanalysis literary criticism to issues such as social theory epistemology and

paradigms Back cover *Cruelty* Wolfgang Müller-Funk, 2025-11-03 In a humane world cruelty should not exist and yet it has been a feature of our societies since time immemorial From individual acts of cruelty to systematic torture and mass murder cruelty has been humanity's constant companion attesting to a darker side of human nature Cruelty involves the use of violence but it is more than this since it is organized and calculated its intention is to inflict pain and suffering on others even to destroy the other Cruelty is perhaps the ultimate form of violence in which the extermination of the other is staged as a threat in order to make others compliant or instil in them the fear of death In this wide ranging cultural history Wolfgang Müller-Funk examines the ways in which different thinkers and authors from Herodotus to Nietzsche from Seneca to Musil and Koestler have conceptualized and tried to make sense of a phenomenon we would prefer to ignore He seeks to unveil the conditions under which an economy of cruelty emerges in which violence is calculated and becomes a quasi natural matter of course The economy of cruelty involves the efficient use of means to pursue irrational goals It also involves discourses and narrative patterns that legitimize organized violence and neutralize emotions such as empathy and compassion that would restrain or obstruct the pursuit of cruelty This disturbing inquiry into the nature of cruelty and its role in human culture will be of interest to students and scholars throughout the humanities and to a wide general readership **Detours** Violetta L. Waibel, 2015-09-16 *Detours* explores the reception of Kant's works in Vienna Austria and Eastern Europe from a historical point of view and focuses on six topics Kant and Censorship Kant and Karl Leonhard Reinhold who was the first Kantian born in Vienna and became a precursor for German and Austrian Kant reception in Jena Kant and Eastern Europe Kant and his Poets Kant and Phenomenology and Kant and the Vienna Circle In this way the ambivalent perception of Kant in Austria becomes clearer On the one hand Kant was censored and criticized harshly but on the other hand Kant's philosophy was studied actively in the underground *The Violence of Reading* Dominik Zechner, 2024-04-26 *The Violence of Reading Literature and Philosophy at the Threshold of Pain* expounds the scene of reading as one that produces an overwhelmed body exposed to uncontainable forms of violence The book argues that the act of reading induces a representational instability that causes the referential function of language to collapse This breakdown releases a type of linguistic pain Scarry Butler Hamacher that indicates a constitutive wounding of the reading body The wound of language marks a rupture between linguistic reality and the phenomenal world Exploring this rupture in various ways the book brings together texts and genres from diverse traditions and offers close examinations of the rhetoric of masochism Sacher Masoch Deleuze the relation between reading and abuse Nietzsche Proust Jelinek the sublime experience of reading Kant Kafka de Man the novel of the institution Musil Campe and literary suicide Bachmann Berryman Okkervil River **Robert Musil and the Question of Science** Tim Mehigan, Timothy J. Mehigan, 2020 A major new study of Robert Musil by one of the world's leading Musil scholars Musil's extraordinary works the study reveals emerged from the problem of the two cultures *The Imagery of Interior Spaces* Michael J. Kelly, Dominique Bauer, 2019 On the unstable boundaries between interior and exterior private and

public and always in some way relating to a beyond the imagery of interior space in literature reveals itself as an often disruptive code of subjectivity and of modernity The wide variety of interior spaces elicited in literature from the odd room over the womb secluded parks and train compartments to the city as a world under a cloth reveal a common defining feature these interiors can all be analyzed as codes of a paradoxical both assertive and fragile subjectivity in its own unique time and history They function as subtexts that define subjectivity time and history as profoundly ambiguous realities on interchangeable existential socio political and epistemological levels This volume addresses the imagery of interior spaces in a number of iconic and also lesser known yet significant authors of European North American and Latin American literature of the nineteenth twentieth and twenty first centuries Djuna Barnes Edmond de Goncourt William Faulkner Gabriel Garcia Marquez Benito Perez Galdos Elsa Morante Robert Musil Jules Romains Peter Waterhouse and mile Zola

The History of German Literature on Film Christiane Schönfeld, 2023-06-15 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema's most influential masterpieces were inspired by canonical texts popular plays and even children's literature Not being restricted to German adaptations however this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema's adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship

Aspects and Issues in the History of Children's Literature Maria Nikolajeva, 1995-06-13 The contributors to this collection of essays address children's literature as an art form rather than an educational instrument as has been the traditional approach Scholars from 10 different countries present a variety of approaches to the history of children's literature including views on sociological semiotic and intertextual models of its evolution Other issues explored include influence and interaction between stories and their countries of origin This strong presentation of international perspectives on children's literature will be a valuable resource for scholars of children's and comparative literature

The Vanishing Subject Judith

Ryan,1991-10-08 Is thinking personal Or should we not rather say it thinks just as we say it rains In the late nineteenth century a number of psychologies emerged that began to divorce consciousness from the notion of a personal self They asked whether subject and object are truly distinct whether consciousness is unified or composed of disparate elements what grounds exist for regarding today's self as continuous with yesterday's If the American pragmatist William James declared himself on balance in favor of a real and verifiable personal identity which we feel his Austrian counterpart the empiricist Ernst Mach propounded the view that the self is unsalvageable *The Vanishing Subject* is the first comprehensive study of the impact of these pre Freudian debates on modernist literature In lucid and engaging prose Ryan traces a complex set of filiations between writers and thinkers over a sixty year period and restores a lost element in the genesis and development of modernism From writers who see the self as nothing more or less than a bundle of sensory impressions Ryan moves to others who hesitate between empiricist and Freudian views of subjectivity and consciousness and to those who wish to salvage the self from its apparent disintegration Finally she looks at a group of writers who abandon not only the dualisms of subject and object but dualistic thinking altogether Literary impressionism stream of consciousness and point of view narration and the question of epiphany in literature acquire a new aspect when seen in the context of the psychologies without the self Rilke's development of a position akin to phenomenology Henry and Alice James's relation to their psychologist brother Kafka's place in the modernist movements Joyce's rewriting of Pater Proust's engagement with contemporary thought Woolf's presentation of consciousness and Musil's projection of a utopian counter reality are problems familiar to readers and critics *The Vanishing Subject* radically revises the way we see them *Forms of Disruption* Neil H.
