Consumer Society Barry Smart, 2010-03-25 Electronic Inspection Copy available for instructors here What factors are contributing to the continuing growth in consumption of goods and services At what point do the costs associated with consumerism begin to call our way of life into question How are the problems of resource depletion waste and pollution and environmental impact being addressed What is to be done about the consequences of our all consuming way of life Ever increasing consumption and a relentless pursuit of growth in output are the twin pillars on which the modern economy and contemporary social life rest But the consumer way of life is globally unsustainable We can't all live the consumer dream This comprehensive lively and informative book will quickly be recognized as a benchmark in the field It brings together a huge set of resources for thinking about the development of consumer culture its defining features and global consequences Adept in handling a complex range of classical and contemporary theoretical sources the book draws on an impressive range of comparative material and provides a variety of contemporary examples to inform and enhance understanding of our consuming way of life Smart writes with verve and feeling and has produced a stimulating

book that enlarges our understanding of consumer culture and provides a timely critical analysis of its consequences Clear engaging and original this book will be essential reading for all those interested in and concerned about our global culture of consumption including researchers and students in sociology politics cultural studies economics and social geography

Reconstructing Postmodernism Jason L. Powell, Tim Owen, 2007 There has been an array of literature on the notion of postmodernism in social science literature in recent years This exciting book focuses on three broad continuities one debunking the central theoretical tenets of postmodernism with reference to identity methodology governance and modernist theory two the book engages with current social issues and events in popular culture for example film professional power masculinity and terrorism three the book also rethinks postmodernism in light of under researched variables of analysis of time and ageing the body biology and choice

The Coming of Consumer Society, 2025-10-27 The present volume adds momentum to the ongoing discourse on consumerism in India and offers a fresh perspective by arguing that India is not just a consumer market but a consumer society in the making There is no consensus on the birth place and context of a consumer society amongst historians And for scholars of contemporary social life consumer societies till recently were held to be akin to societies in the late stage of capitalism or those having completed their transition from feudalism to post industrialism However given the processes of globalization and liberalization of new global economic order consumerism as an ideology a world view and a practice is fast coming of age in other societies across the globe Hence the earlier intellectual lexicon stands replaced by a new consumer epistemology signalling the coming of new consumer societies in hitherto unimagined locales such as India The varied essays in the volume develop the themes of consumption brands representation and identity construction in some new settings so far unexplored in the Indian context for instance ethnic brands such as Fabindia tribal art in new digitized forms fashion and so on The strength of the book lies in traversing not just fresh sites and objects of consumer desire but also in bringing together a host of multidisciplinary and theoretical perspectives such as Marxism feminism postmodernism and post colonialism The book would be of interest to students and researchers of sociology anthropology politics cultural studies and media studies

Trademark Law and Theory Graeme B. Dinwoodie, Mark D. Janis, 2008 Boasting an impressive list of contributors this first edition of Trademark Law and Theory brings together a compilation of well written and powerfully argued works by leading international academics The book is certainly one of the most extensive and thought provoking overviews of contemporary trademark law and theory yet to be published Whilst all the contributions share in common their examination of the rapidity of change within trademark systems the editors should be commended on their generous seasoning of other cross cutting themes throughout the Handbook This fascinating compendium enriches our understanding of the shape substance and form of trademark law and theory this Handbook is perhaps a rare exception to the adage that no book can be all things to all men Its broad sweep approach and cross cutting themes enable a range of interested parties such as policymakers academics in the fields of marketing business consumer

psychology in addition to the usual suspects to dip in and out of the Handbook as they wish a unique and erudite collection of essays concerning trademark law and theory Odette Hutchinson Communications Law Trademarks is an area of vital practical everyday concern and the idea of producing a volume that brings together the perspectives of 19 thoughtful and experienced legal scholars is a bold and exciting initiative The present volume does not disappoint and the two editors are to be congratulated on orchestrating an ensemble that simultaneously informs and stimulates The title is apt it is truly contemporary and is highly theoretical and doctrinal in character while the interesting choice of the word handbook suggests clearly that this is a work in progress a snapshot at a particular time of the challenging lines of individual research that each contributor to the volume is undertaking It is a fine addition to a larger series of research handbooks in intellectual property published by Edward Elgar under the series editorship of Jeremy Phillips The editors have done a fine job in presenting this material in such a clear and coherent fashion this is an excellent and rewarding volume of readings that will be of interest to anyone working in the area of trademarks whether as an academic or as a practitioner Indeed for the practitioner it will be of particular value in that it contains and opens up many areas of inquiry that may not always be apparent when working at the coalface of a particular problem For both kinds of readers the real value of the volume is to have so many different kinds of perspectives brought together within the space of a single volume this is a handsome production the publishers and editors are to be commended on the clarity and cleanness of the typeface and headings the thoroughness of the index and the accuracy of their proof reading It has also been given a striking and evocative cover Sam Ricketson University of Melbourne Law School Australia European Intellectual Property Review Trademark Law and Theory is a first rate exploration of the issues that will dominate trademark law in the 21st century Authors from five continents provide a truly global perspective on the present and future of trademark law An exceptional collection of contributors and contributions Robert Denicola University of Nebraska US This compendium is an excellent source of writing on all aspects of trademark law and practice by experts from Europe the United States South Africa Singapore New Zealand and Australia It will be a stimulating read for lawyers academics students and policymakers alike on the present and developing trends in law and policy relating to trademarks as marketing tools and cultural artefacts The editors deserve congratulation on their concept for the book and their judicious selection of material David Vaver University of Oxford UK All students young and older in the burgeoni
