
The Crucible Act 1 Study Guide

As the play begins, why has Reverend Parris sent for a doctor? - His daughter Betty is "sick" - as if in a coma

What advice does the doctor send back? - That he can find no medical reason for her illness, and he should look for an "unnatural reason."

What does Reverend Parris question Abigail about? - If her name in the village is "white" - meaning, is her reputation good.

What is Parris' main concern? - His reputation as a minister and material possessions.

What/Who did Parris see in the woods the night before? - He saw Abigail, Betty and other girls dancing in the woods.

What has Elizabeth Proctor said about Abigail? - Elizabeth knows that Abigail and her husband had an affair, so she fired her from their service. Abigail believes that Elizabeth has spread "rumors" about the affair.

Why does Abigail say she was dismissed by the Proctors'? - She claims that she was dismissed because she refused to be treated like a slave. She calls Elizabeth a "...bitter woman, a lying, cold, sniveling woman..."

What rumors have circulated about Betty Parris? What proof later occurs that "proves" that she is a witch? - Villagers say they saw her flying over a barn. When Betty has a fit as people downstairs sing a psalm (a religious song), Mrs. Putnam claims that Betty cannot bear to hear the Lord's name because she is a witch.

Why did Mrs. Putnam contact Tituba? - She has lost 7 children in childbirth and wants to know who is "killing" her babies.

Who does Abigail accuse of conjuring spirits at this point? - Tituba

What does Betty Parris reveal about what happened in the woods? - Betty reveals that Abigail drank blood as a charm to kill Elizabeth.

What threat does Abigail make to the other girls? - She threatens to "...come to you in the black of some terrible night and I will bring a pointy reckoning that will shudder you." In other words, she threatens to hurt them physically if they tell.

What happened in the past between John Proctor and Abigail? How do they feel about it now? - They had an affair when she worked at the Proctors'. John has put a stop to it, but Abigail still pursues him.

Reading and Writing the Electronic Book Catherine Marshall, 2022-06-01 Developments over the last twenty years have fueled considerable speculation about the future of the book and of reading itself This book begins with a gloss over the history of electronic books including the social and technical forces that have shaped their development The focus then shifts to reading and how we interact with what we read basic issues such as legibility annotation and navigation are examined as aspects of reading that ebooks inherit from their print legacy Because reading is fundamentally communicative I also take a closer look at the sociality of reading how we read in a group and how we share what we read

Studies of reading and ebook use are integrated throughout the book but Chapter 5 goes meta to explore how a researcher might go about designing his or her own reading related studies No book about ebooks is complete without an explicit discussion of content preparation i e how the electronic book is written Hence Chapter 6 delves into the underlying representation of ebooks and efforts to create and apply markup standards to them This chapter also examines how print genres have made the journey to digital and how some emerging digital genres might be realized as ebooks Finally Chapter 7 discusses some beyond the book functionality how can ebook platforms be transformed into portable personal libraries In the end my hope is that by the time the reader reaches the end of this book he or she will feel equipped to perform the next set of studies write the next set of articles invent new ebook functionality or simply engage in a heated argument with the stranger in seat 17C about the future of reading

The Congregationalist ,1919 **Understanding Israel/Palestine** Eve Spangler, 2015-06-28

The Israeli Palestinian conflict is the longest ongoing hot and cold war of the 20th and 21st centuries. It has produced more refugees than any current conflict, generating fully one quarter of all refugees worldwide. Everyone knows that the Palestinian Israeli conflict is important itself and is also fueling tensions throughout the Middle East. Yet most people shy away from this conflict, claiming it is just too complicated to understand. This book is written for people who want a point of entry into the conversation. It offers both a historic and analytic framework. Readers, whether acting as students, parishioners, neighbors, voters, or dinner guests, will find in these pages an analysis of the most commonly heard Israeli positions and a succinct account of the Palestinian voices we seldom hear. I argue that human rights standards have never been used as the basis on which the Israeli Palestinian conflict should be resolved and that only these standards can produce a just and sustainable resolution. This book will be useful for classes in Middle East studies, peace and conflict studies, Middle East history, sociology of race and political science. It can be helpful for church groups, labor groups, or other grass roots organizations committed to social justice and for all readers who wish to be informed about this important topic. Professor Spangler's quest for historical and political understanding takes us on a brave and intimate journey into the consequences of Jewish privilege and Jewish victimhood, the agendas of imperial superpowers, and the Palestinian struggle for self-determination. Alice Rothchild, MD, author of *Broken Promises, Broken Dreams: Stories of Jewish and Palestinian Trauma and Resilience* and producer and director of documentary film *Voices Across the Divide*. A sharp, poignant, well-documented dossier that provides readers with all the most needed facts to grasp the conflict and get involved. Sam Bahour, co-editor of *Homeland: Oral Histories of Palestine* and Palestinians and business development consultant and activist based in Palestine. This one is exceptional. It recounts a historical tale; it provides theoretical underpinnings; it does comparative work; it examines all the details and aspects of ongoing debates and it brings all to life with real-life stories. The wonder of this book is its insistence on hope, not a naive idealistic hope but one accompanied by a tool box for concrete action that might right the wrongs of this tragic tale. Anat Biletzki, Professor of Philosophy, Tel Aviv University and Albert Schweitzer Professor of Philosophy, Quinnipiac University. Chairperson of B'Tselem 2001-2006. Eve Spangler is a sociologist and a human and civil rights activist. For the last decade, her

work has focused on the Israel Palestine conflict she argues that human rights are the neglected standards that could lead to a just and sustainable solution The Index ,1878
