... Film Daily Year Book of Motion Pictures ,1929 **The Film Daily ... Year Book** ,1929 Yayoi Kusama Midori Yamamura, 2024-03-19 An examination of Yayoi Kusama's work that goes beyond the usual biographical interpretation to consider her place in postwar global art history Yayoi Kusama is the most famous artist to emerge from Japan in the period following World War II Part of a burgeoning international art scene in the early 1960s she exhibited in New York with Andy Warhol Donald Judd Claes Oldenburg and other Pop and Minimalist luminaries and in Europe with the Dutch Nul and the German Zero artist groups Known for repetitive patterns sewn soft sculptures naked performance and suggestive content Kusama's work anticipated the politically charged feminist art of the 1970s But Kusama and her work were soon eclipsed by a dealer controlled art market monopoly of white male American artists Returning to Japan in 1973 Kusama became almost

as famous for her self proclaimed mental illness and permanent residence in a psychiatric hospital as she was for her art In this book Midori Yamamura eschews the usual critical fascination with Kusama s biography to consider the artist in her social and cultural milieu By examining Kusama s art alongside that of her peers Yamamura offers a new perspective on Kusama s career Yamamura shows that Kusama who came of age in totalitarian wartime Japan embraced art as an anticonformist pursuit seeking a subjective autonomy that resulted in the singular expression of her art Examining Kusama s association with European and New York art movements of the 1960s and her creation of psychedelic light and sound Happenings Yamamura argues that Kusama and her heterogeneous peers defied and undermined various pillars of modernity during the crucial transition from the modern nation state to global free market capitalism The art market rediscovered Kusama in the 1990s and she has since had a series of high profile exhibitions Recounting Kusama s story Yamamura offers an incisive penetrating analysis of postwar art s globalization as viewed from the periphery
