The Darwin Awards Countdown To Extinction:

The Darwin Awards Countdown to Extinction Wendy Northcutt, 2010-10-28 The hilarious New York Times bestselling phenomenon and the perfect funny gift The Darwin Awards are more than just a brand They re a pop culture phenomenon With six books and a website that draws in more than a million unique visitors every month the Darwin Awards rivals The Onion and The Simpsons as one of the biggest humor franchises in the world Fully illustrated and featuring all new tales of the marvelously macabre The Darwin Awards Countdown to Extinction chronicles the astonishing acts of individuals who have taken a swan dive into the shallow end of the gene pool From attaching a five horsepower engine to a barstool to hammering a metal hook into an explosive device to using a taser to treat a snake bite these gloriously gruesome incidents prove that the countdown to human extinction is well under way And we won t exit this mortal coil without one last laugh

Darwin Awards VI Wendy Northcutt, 2010-10-20 The countdown has begun What distinguishes humans from baser animals is our higher intelligence This is because most humans know to think twice before headbutting a coconut or biting down on a live wire Intelligent individuals generally know not to use a mattress pad as a floatation device or to kitesurf in a hurricane Darwin Award winners however lack this basic common sense Named for the father of evolution the Darwin Awards honour those who help natural selection by taking a swan dive into the shallow end of the gene pool From attaching a five horsepower engine to a barstool to hammering a metal hook into an explosive device to using a Taser to treat a snake bite The Darwin Awards Countdown to Extinction show that the countdown to human extinction is well underway and we won t exit this mortal coil without one last laugh Illustrated and featuring all new tales of the marvellously macabre The Darwin Awards Countdown to Extinction chronicles humans who step onto the lowest rung on the evolutionary ladder and prove that intelligence is not as common among humans as we d like to think

Common Sense as a Paradigm of Thought Tim Delaney, 2018-12-07 The notion of common sense and abiding by its implications is something that seemingly everyone agrees is a good way of making behavioral decisions and conducting one s daily activities This holds true whether one is a liberal moderate or conservative young or old and regardless of one s race and ethnicity gender or sexual orientation If utilizing common sense is such a good idea why then do so many people seem to violate it This is just one of many significant questions surrounding the idea of common sense explored and discussed in this book This volume presents common sense as a paradigm of thought and as such compares it to other major categories of thought tradition faith enlightened and rational Combining a balance of practical everyday approaches through the use of popular culture references and featured boxes and academic analysis of core and conceptual methodological issues Delaney demonstrates The limitations of common sense and its place in everyday social interactions How we learn about common sense Why common sense is so important Common Sense as a Paradigm of Thought introduces readers to a rich variety of sociological authors and will appeal to students and researchers interested in fields such as sociology philosophy social psychology

The Darwin Awards III Wendy Northcutt, 2004-09-28 The hilarious New York Times bestselling phenomenon and the perfect funny gift Honoring those who improve our gene pool by inadvertently removing themselves from it The Darwin Awards III includes more than one hundred brand new hilariously macabre mishaps and misadventures From a sheriff who inadvertently shot himself twice to the insurance defrauder who amputated his leg with a chainsaw from a farmer who avoided bee stings by sealing his head in a plastic bag to the man crushed by the branch he just trimmed The Darwin Awards III proves again that when it comes to stupidity no species does it like we do Featuring scientific and safety discussions and filled with illustrations depicting inspiring examples of evolution in action The Darwin Awards III shows once more how uncommon common sense still is

The Darwin Awards Wendy Northcutt, 2002-04-30 The hilarious New York Times bestselling phenomenon and the perfect funny gift The Darwin Awards shares the stories of those human beings who improve the gene pool by removing themselves from it in a sublimely idiotic fashion Marvel at the thief who tries to steal live electrical wires Gape at the lawnchair jockey who floats to a height of 16 000 feet suspended by helium balloons And learn from the man who peers into a gasoline can using a cigarette lighter All contend for Darwin Awards when their choices culminate in magnificent misadventures These tales of trial and awe inspiring error verified by the author and endorsed by website readers illustrate the ongoing saga of survival of the fittest in all its selective glory The Darwin Awards vividly portrays the finest examples of evolution in action and shows us just how uncommon common sense can be
