Colonial Conspiracies in Africa Maduka E. Agbodike Ph.D., 2009-04-08 This masterpiece is perhaps the most controversial treatise ever written by an African author or published I have been reading various books but this is the first time I read one which analytically used religious books sciences historic facts various mysteries and nature to present in simple manner most of the wonders of this weird world we live in Blasphemous heresies cum different human efforts cryptically inculcated into religious beliefs which are unknowingly propagated and practised in almost every part of the world were skilfully unmasked Fraudulent honest beliefs cannily brewed at various philosophic caves of the developed world geared towards minds slavery then spewed into ethno politics of the day and religious bodies which enabled them hold the world at their mercies were plainly unveiled *Colonial Conspiracies in Africa* like merciless and unapologetic hot knife while slicing through every butter or cheese created or produced by the world ruling class fibs potions never respected or feared just the way she acting as the only Divine detergent bleached every dye stain or taint on religious cum political maladies of our day I am afraid all the deep secrets in human hearts which this book opened up and made very easy as well as palatable to swallow no one truly sincere enough can contest This is that philological Murdered Truth about Gihons Africans in particular and other oppressed nations which you must know This shall set our one sided historic records straight and stop further deceptive or exploitative symbiotic co existence amongst human race Africa is not the dreg of Human wastes rather the only true Father of entire Human Race This is Divinely inspired Power packed Epistle to the world at large Study with reverence This treatise shall be read and remembered forever She is a revolutionary masterpiece

Faith and Action R. J. Rushdoony, 2019-08-26 *Faith and Action* is the complete collection of the essays of R J Rushdoony written for the Chalcedon Report between 1965 and 2001 along with several transcripts of his recorded talks The large volume *The Roots of Reconstruction* only contained his Chalcedon Report essays up until 1985 so most of the essays included in *Faith Action* were unavailable to readers for many

years until now In order to make the author s knowledge more accessible this three volume collection features some of the most extensive indexing we ve ever done including a General Index a History Index a Scripture Index a Works Cited Index and a Chalcedon Report Directory A total of 183 pages of indexing This handsome set of books is a must have for any serious library The central theme of this collection of essays is Christian Reconstruction which to Rushdoony meant the responsibility of Christian citizenship in the Kingdom of God For him his central drive behind his research and writing was to move men to faith and action Rushdoony was primarily an essayist who vigorously and prolifically wrote on a multiplicity of subjects issues and disciplines Despite his being critical of both the contemporary church for its compromise and the humanistic state for its will to be as God these essays are replete with Rushdoony s undying faith in the victory of God in history Rushdoony s big idea was Christian Reconstruction which centered not on a pursuit of political power but rather an equipping of Christians to take back government by means of self government in terms of God s law This three volume collection will no doubt serve the larger church for many generations as they seek first the Kingdom of God in their spheres and in their times
