Zangwill,2018-05-31 In chapters ranging from The Beautiful the Dainty and the Dumpy to Skin deep or In the Eye of the Beholder Nick Zangwill investigates the nature of beauty as we conceive it and as it is in itself The notion of beauty is currently attracting increased interest particularly in philosophical aesthetics and in discussions of our experiences and judgments about art In The Metaphysics of Beauty Zangwill argues that it is essential to beauty that it depends on the ordinary features of things He uses this principle to defend the notion of the aesthetic to call for a version of aesthetic formalism and to reconsider the reality of beauty The Metaphysics of Beauty brings beauty to the center of intellectual consciousness in a manner informed by contemporary metaphysics and engages with beauty as an enduring object of human thought and experience Arman Nabatiyan,2005-08-01 In The Flowers of Albion the author has attempted a fusion

between the classic repertoire of Persian imagery and lyricism with Western influences of metered prose and rhyming verse The result is a collection of 275 poems that examine with ecstatic voice and energy the breadth and myriad truths of human emotions These encompass the spurs of love rage sadness pleading and longing consuming desire for an unnamed Beloved and the euphoric pleasure that comes from reunion Parables about human follies and revelation are told that emerge from the deepest motives of the human heart to be intimate with the worldly and divine More than anything a sense of unbridled joy is conveyed that urges the reader to probe for the searchlight of inner truth and be awakened in the radiance of spiritual transcendence **Science of Sadness** Dr. Gurudas Bandyopadhyay, Science of Sadness offers a deep exploration of
