The Devil Britains Most Feared Underworld Taxman:

The Devil Graham Johnson, 2011-03-04 Drug dealers beware The Devil is coming to get you Gangster Stephen French invented the perfect crime robbing drug barons of their huge fortunes In SAS style swoops French raided their fortified mansions and tortured them with horrifying violence until they paid up Through taxing the richest and most powerful crimelords in the UK he netted over 20 million French was no ordinary criminal He was a world champion fighter he studied psychology at university to master mind control techniques and he used the teachings of Machiavelli and samurai warriors to outwit his enemies The Devil also reveals French s complex relationship with Curtis Warren the wealthiest criminal in British history The two were childhood pals then partners and finally bitter enemies Now a legitimate businessman French built up a multimillion pound empire Having eventually turned his back on his former life he is now seeking to set the record straight

The Contemporary History of Drug-Based Organised Crime in Scotland Robert McLean, Chris Holligan, Michael Pugh, 2024-10-07 The Contemporary History of Drug Based Organised Crime in Scotland provides insight into the development of drug based organised crime in the region and how this process has subsequently shaped the wider criminal landscape of Scotland Transatlantic Liverpool Mark Christian, 2022-10-03 In Transatlantic Liverpool Shades of the Black Atlantic Mark Christian presents a Black British study within the context of the transatlantic and Liverpool England Taking a semi autoethnographic approach based on the author s Black Liverpool heritage Christian interacts with Paul Gilroy s notion of the Black Atlantic Yet provides a fresh perspective that takes into account a famous British slave port s history that has been overlooked or under utilized The longevity of Black presence in the city involves a history of discrimination stigma and a population group known colloquially as Liverpool Born Blacks LBBs Crucially this book provides the reader with a deeper insight of the transatlantic in regard to the movement of Black souls and their struggle for acceptance in a hostile environment This book is an evocative passionate and revealing read Robbery in the Illegal Drugs Trade Robert McLean, James A. Densley, 2022-01-17 Robbery can be planned or spontaneous and is a typically short chaotic crime that is comparatively under researched This book transports the reader to the streets and focuses on the real life narratives and motivations of the youth gang members and adult organized criminals immersed in this form of violence Uniquely focusing on robberies involving drug dealers and users this book considers the material and emotional gains and losses to offenders and victims and offers policy recommendations to reduce occurrences of this common crime *The Tax Man - The True Story of the Hardest Man in Britain* Brian Cockerill, 2007-10-31 Over the last two decades Brian Cockerill has ruled his world with an iron fist Using nothing but his hands as weapons he has patrolled the streets clubs and raves of Britain in order to keep order and to tax those whose ill gotten gains he sees fit to take a share of Drug dealers and shady club promoters everywhere know that if The Taxman is in town it s time to pay up or get out All know of the appalling violence this man can exert on his enemies and of the incredible presence of body and mind that he possesses Yet despite his appalling record of aggression

Brian is a man who lives by rules and respect balanced yet unpredictable he has never used weapons and those who have used arms against him have barely lived to regret it The facts of his life are as amazing and awe inspiring as they are true
