Signing the Body Katherine Dauge-Roth, 2019-11-14 The first major scholarly investigation into the rich history of the marked body in the early modern period this interdisciplinary study examines multiple forms uses and meanings of corporeal inscription and impression in France and the French Atlantic from the late sixteenth through early eighteenth centuries Placing into dialogue a broad range of textual and visual sources drawn from areas as diverse as demonology jurisprudence mysticism medicine pilgrimage commerce travel and colonial conquest that have formerly been examined largely in isolation Katherine Dauge Roth demonstrates that emerging theories and practices of signing the body must be understood in relationship to each other and to the development of other material marking practices that rose to prominence in the early modern period While each chapter brings to light the particular histories and meanings of a distinct set of cutaneous marks devil s marks on witches demon s marks upon the possessed devotional wounds Amerindian and Holy Land pilgrim tattoos and criminal brands each also reveals connections between these various types of stigmata links that were obvious to the early modern thinkers who theorized and deployed them Moreover the five chapters bring to the fore ways in which corporeal marking of all kinds interacted dynamically with practices of writing on imprinting and engraving paper parchment fabric and metal that flourished in the period together signaling important changes taking place in early modern society Examining the marked body as a material object replete with varied meanings and uses *Signing the Body Marks on Skin in Early Modern France* shows how the skin itself became the register of the profound cultural and social transformations that characterized this era *The Devil's Scourge* Girolamo Menghi, 2002-06-01 This is a complete English translation of a Renaissance exorcist s manual It is a concise history of demonology and contains accounts of seven exorcisms as well as Menghi s manual Paxia s commentary explains what the signs of demonic possession are and who are the most vulnerable Paxia also looks at Menghi s life in detail including how he exorcised people and what objects he used during the ceremony

Magical Lion Defying Heaven Liu YiJie, 2020-06-21 In his previous life he lived alone and in this life he created a beast He refused to accept that fate was unfair and he created his own demonic cultivation method He wanted to turn the Demonic Lion clan into a Qilin clan that could fight against a huge dragon **Ablution, Initiation, and Baptism** David Hellholm, Tor Vegge, Øyvind Norderval, Christer Hellholm, 2011-07-27 In the web of cultural processes of late antiquity ablution rites and initiation rites were performed in different forms and in different contexts Such rites existed in Early Judaism and Greco Roman cults and were also applied in early Christianity under the label baptism however not as one fixed rite uniformly performed and interpreted Baptismal rites developed diversely corresponding to the diversity among Christian groups of which some later came to be perceived as heretical Remains of art architecture and texts from these contexts were discussed in two conferences gathering scholars who are excellent within their respective fields text studies studies of rites

archaeology architecture history of art and cultural anthropology These different fields of research have in recent years generated new knowledge that is relevant for the discussion of ablution and initiation rites and their function in late antiquity At the same time interests of research have altered in favour of a growing cooperation across discipline borders The present volumes are the outcome of two conferences in Rome 2008 and at Metochi Lesbos 2009 **The Life of Luther (Vol. 1-6)**

Hartmann Grisar,2022-12-10 Luther is a six volume biography of Martin Luther German professor of theology and the Church reformer famous for his Ninety five Theses of 1517 and recognized as a seminal figure in the Protestant Reformation The aim of the work was to present accurate historical and psychological portrait of Luther s personality which is still a mystery from many points of view While presenting Luther s psychological picture the author chooses to do so in Luther s own words analyzing his writings and letters Analyzing Luther s writings he opts not to write about Luther s teachings and the history of dogma but reaches deeper in his endeavor to supply an exact portrayal of Luther as a whole which should emphasize various aspects of his mind and character **Sword Soaring the Heaven** Yi MuLi,2020-04-15 In the end he had to use his sword and go straight up to the third heaven How could the will of a lifetime compare to that of a great Dao Close

Luther Hartmann Grisar,1913 **The Witchcraft Collection Volume One** Wade Baskin,Collin de Plancy,Harry E. Wedeck,2019-12-17 Three authoritative yet accessible reference books explaining the terms concepts histories and significant personalities of occult systems and practices Dictionary of Satanism is a concise yet wide ranging reference guide for the casual reader It features essential information on the important concepts issues people places and events associated with Satanism Also covered are the myriad forms and names that satanic worship has taken from ancient times to the present Following its original publication in 1818 Collin de Plancy s Dictionary of Witchcraft became a landmark study of demonology and the occult A significant influence on the Romantic literary movement and notably consulted by author Victor Hugo de Plancy s work remains an essential reference text for any student of the dark arts Dictionary of Pagan Religions offers a wide ranging survey of the many religious cults that have flourished around the world from the Stone Age to the present From Egyptian to Celtic traditions and Gnosticism to Cabala coauthors Harry E Wedeck and Wade Baskin have compiled information about the rites rituals and influences of these religious systems **Federal Register** ,2013-02 *Seals and their Context in the Middle Ages* Phillipp R. Schofield,2015-01-08 Seals and their Context in the Middle Ages offers an extensive overview of approaches to and the potential of sigillography as well as introducing a wider readership to the range interest and artistry of medieval seals Seals were used throughout medieval society in a wide range of contexts royal governmental ecclesiastical legal in trade and commerce and on an individual and personal level The fourteen papers presented here which originate from a conference held in Aberystwyth in April 2012 focus primarily on British material but there is also useful reference to continental Europe The volume is divided into three sections looking at the history and use of seals as symbols and representations of power and prestige in a variety of institutional dynastic and individual contexts their

role in law and legal practice and aspects of their manufacture sources and artistic attributes Importantly and distinctively the volume moves beyond the study of high status seals to consider such themes as the social and economic status of seal makers the nature and meaning including reflections of deliberate wit and boastfulness of specific motifs employed at various levels of society and the distribution of seals in relation to the location of for instance religious institutions and along major routeways In so doing it sets out ways in which sigillography can open new pathways into the study of non elites and their cultures in medieval society

The Long Life of Magical Objects Allegra Iafrate,2019-07-01 This book explores a series of powerful artifacts associated with King Solomon via legendary or extracanonical textual sources Tracing their cultural resonance throughout history art historian Allegra Iafrate delivers exciting insights into these objects and interrogates the ways in which magic manifests itself at a material level Each chapter focuses on a different Solomonic object a ring used to control demons a mysterious set of bottles that constrain evil forces an endless knot or seal with similar properties the shamir known for its supernatural ability to cut through stone and a flying carpet that can bring the sitter anywhere he desires Taken together these chapters constitute a study on the reception of the figure of Solomon but they are also cultural biographies of these magical objects and their inherent aesthetic morphological and technical qualities Thought provoking and engaging Iafrate s study shows how ancient magic artifacts live on in our imagination in items such as Sauron s ring of power Aladdin s lamp and the magic carpet It will appeal to historians of art religion folklore and literature
