The Timberman ,1923 A Partial Enlightenment Avram Alpert,2021-04-06 In many ways Buddhism has become the global religion of the modern world For its contemporary followers the ideal of enlightenment promises inner peace and worldly harmony And whereas other philosophies feel abstract and disembodied Buddhism offers meditation as a means to realize this ideal If we could all be as enlightened as Buddhists some imagine we could live in a much better world For some time now however this beatific image of Buddhism has been under attack Scholars and practitioners have criticized it as a Western fantasy that has nothing to do with the actual experiences of Buddhists Avram Alpert combines personal experience and readings of modern novels to offer another way to understand modern Buddhism He argues that it represents a rich resource not for attaining perfection but rather for finding meaning and purpose in a chaotic world Finding unexpected affinities across world literature Rudyard Kipling in colonial India Yukio Mishima in postwar Japan Bessie Head escaping apartheid South Africa as well as in his own experiences living with Tibetan exiles Alpert shows how these stories illuminate a world in which suffering is inevitable and total enlightenment is impossible Yet they also give us access to partial enlightenments powerful insights that become available when we come to terms with imperfection and stop looking for wholeness A Partial Enlightenment reveals the moments of personal and social transformation that the inventions of modern Buddhism help make possible Popular Mechanics ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle
