which he in turn has left his mark James Ellroy and Voyeur Fiction Nathan Ashman, 2018-10-15 James Ellroy is an acclaimed yet controversial popular novelist Since the publication of his first novel *Brown's Requiem* in 1981 Ellroy's eccentric Demon Dog persona and his highly stylized often pornographically violent crime novels have continued to polarize both public and academic opinion This book addresses the voyeuristic dimensions of Ellroy's fiction one of the most significant yet underexplored issues in his work Focusing exclusively on Ellroy's two collections of epic noir fiction *The L A Quartet* and *The Underworld U S A Trilogy* it critically reflects on a vivid preoccupation with eyes visual culture and visual technologies that spans across both these bodies of work Using a combination of psychoanalysis and postmodern and cultural theory Nathan Ashman argues that Ellroy's fiction traces the development of the voyeur from a deviant and perverse peeping tom into a recognizable contemporary social type a paranoid and obsessive viewer who is a product of the decentered and hallucinatory cinematic world that he inhabits In particular *James Ellroy and Voyeur Fiction* illuminates a convergence between voyeurism and recurring patterns of ocularcentric crisis in Ellroy's texts as characters become continually unable to understand or interpret through vision Alongside a thematic analysis of obsessive watching Ashman also argues that Ellroy's works particularly his later novels are themselves voyeuristic implicating the reader in these broader narrative patterns of both visual and epistemophilic obsession James Ellroy Steven Powell, 2016-01-26 James Ellroy *Demon Dog of Crime Fiction* is a study of all of Ellroy's key works from his debut novel *Brown's Requiem* to the epic *Underworld USA* trilogy This book traces the development of Ellroy's writing style and the importance of his Demon Dog persona to carving out his unique place in American crime fiction **The Underworld U.S.A. Consuming Germany in the Cold War David F. Crew, 2003-09-01 Sitting in the ruins of the Third Reich most Germans wanted to know which of the two post war German states would erase the material traces of their wartime suffering most quickly and most thoroughly Consumption and the quality of everyday life quickly became important battlefields upon which the East West conflict would be fought This book focuses on the competing types of consumer societies that developed over time in the two Germanies and the legacy each left Consuming Germany in the Cold War assesses why East Germany increasingly fell behind in this competition and how the failure to create a viable socialist consumer society in the East helped lead to the fall of the Berlin Wall in 1989 By the 1970s East Germans were well aware that the regime s bombastic promises that the GDR would soon overtake the West had become increasingly hollow For most East German citizens West German consumer society set the standards that East Germany repeatedly failed to meet By exploring the ways in which East and West Germany have functioned as each other s other since 1949 this book suggests some of the possibilities for a new narrative of post war German history While taking into account the very different paths pursued by East and West Germany since 1949 the contributors demonstrate the importance of competition and highlight the connections between the two German successor states as well as the ways in which these relationships changed throughout the period By understanding the legacy that forty plus years of rivalry established we can gain a better understanding of the current tensions between the eastern and western regions of a united Germany
