Ashton,2002-09-18 Nigel J Ashton analyses Anglo American relations during a crucial phase of the Cold War He argues that although policy makers on both sides of the Atlantic used the term interdependence to describe their relationship this concept had different meanings in London and Washington The Kennedy Administration sought more centralized control of the Western alliance whereas the Macmillan Government envisaged an Anglo American partnership This gap in perception gave rise to a crisis of interdependence during the winter of 1962 3 encompassing issues as diverse as the collapse of the British EEC application the civil war in the Yemen the denouement of the Congo crisis and the fate of the British independent nuclear deterrent *On the Road to Recovery Thanks to AA Meetings* Thomas McGoldrick,2006-03-01 This book tells how I got to AA and stopped drinking It describes the many AA meetings I attended in the US and abroad and what I learned in those meeting I had to do in order to change to a better life and to get on and stay on the happy road to recovery **Atomic Americans** Sarah E. Robey,2022-03-15 At the dawn of the Atomic Age Americans encountered troubling new questions brought about by the nuclear revolution In a representative democracy who is responsible for national public safety How do citizens imagine themselves as members of the national collective when faced with the priority of individual survival What do nuclear weapons mean for transparency and accountability in government What role should scientific experts occupy within a democratic government Nuclear weapons created a new arena for debating individual and collective rights In turn they threatened to destabilize the very basis of American citizenship As Sarah E Robey shows in *Atomic Americans* people negotiated the contours of nuclear citizenship through overlapping public discussions about survival Policymakers and citizens disagreed about the scale of civil defense programs and other public safety measures As the public learned more about the dangers of nuclear fallout critics articulated concerns about whether the federal government was operating in its citizens best interests By the early 1960s a significant antinuclear movement had emerged which ultimately contributed to the 1963 nuclear testing ban *Atomic Americans* tells the story of a thoughtful body politic engaged in rewriting the rubric of rights and responsibilities that made up American citizenship in the Atomic Age *"The" interpreter* ,1887 *A-frame* Chad Randl,2004-04 In a fascinating look at this architectural phenomenon Chad Randl tells the story of the triangle house from prehistoric Japan to its lifestyle changing heyday in the 1960s Includes an appendix with a complete set of blueprints **The Scottish Farmer** ,1927 **"The" Athenaeum** ,1832 *Reading the World's Stories* Annette Y. children's books as a way to facilitate intercultural understanding and meet new literary voices. This volume follows *Children's Books from Other Countries* (1998), *The World through Children's Books* (2002), *Crossing Boundaries with Children's Books* (2006), and *Bridges to Understanding: Envisioning the World through Children's Books* (2011) and acts as a companion book to the earlier titles. Centered around the theme of the importance of stories, the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0-18 years. Essays by storyteller Anne Pellowski, author Beverley Naidoo, and academic Marianne Martens offer a variety of perspectives on international youth literature. This latest installment in the series covers books published from 2010-2014 and includes English language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended, and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations, and research collections, and a selected directory of publishers known for publishing books from other countries.
