Leadership after COVID-19 Satinder K. Dhiman, Joan F. Marques, 2022-03-05 The COVID-19 pandemic has permanently changed lives around the world, and no dimension of life and leadership seems to have been spared from its wrath. It has also stirred us into thinking about novel approaches to lead organizations and societies toward a shared, sustainable future. This book offers novel perspectives on leadership and change management after the COVID-19 pandemic that take us beyond striving for thriving perspectives that are grounded in emergent theory, research, and practice. It highlights sustainable leadership and change management strategies to effectively deal with unpredictable and rapidly changing situations, particularly in a world that is increasingly volatile, uncertain, complex, and ambiguous (VUCA). This book also highlights engaging perspectives by specialists from different disciplines, such as business, psychology, education, and health care. It serves as a practical guide in identifying and responding to leadership challenges and opportunities in each of the four VUCA categories of volatility, uncertainty, complexity, and ambiguity and how they affect businesses, organizations, and societies as a whole.

Convictional Civility C. Ben Mitchell, Carla D. Sanderson, Gregory Alan Thornbury, 2015-01-01 Jesus calls his followers to be salt and light in a fallen world. Through the ages, believers have grappled with what form Christian cultural engagement should take. Various Christian thinkers have advocated models of engagement, and some recent models have used the discourse of the battlefield to speak of winning the culture war. In a post-Constantinian post-Christian culture, how are believers to live in the world without being of the world? Throughout his ministry, David S. Dockery has persistently advocated convictional civility as a vision for contemporary engagement in which witness is more important than winning, and fidelity is more effective than fighting. In this volume, respected Christian leaders honor him by presenting these essays that explore convictional civility as a lifestyle of bearing witness for Christ and of contributing to the common good. From the pulpit to the public square and from the campus to the courtroom, followers of Christ are to demonstrate Christian virtues through winsome civility and Christian values through wholehearted conviction.

Evaluating Leadership J. Keith McKinley, 2024-02-21 Leadership is vital, but how do you know which leadership theory or practice is right for you? How should you go about assessing the quality of a leadership practice? How can you evaluate leadership ideas to ensure that they line up with Scripture? How can you assess a leadership model and know it will work in your ministry setting? *Evaluating Leadership* provides a solution to these problems. It introduces the Leadership Assessment Matrix, which helps you assess whether a leadership theory, principle, or practice is suitable for your team and your specific context. Holy Scripture not out of mere duty but from an intimate loving disciple's relationship. The ministry objective is to engage discipleship not as a program or church function but as a Christian lifestyle that is begun and nurtured in the home. Focusing on parental responsibility is not to suggest that the community of faith has no didactic role; rather, it better organizes and supports biblical discipleship in the context of the family unit. Redeeming the Time biblically examines Christ's transformational leadership as the servant way, the appointed way, the passionate way, and the challenging way. For all who follow Him, He is our CLEAR Path forward.

The Leadership Imperative Scott D. Liebhauser, 2018-01-22. The topic of leadership is ubiquitous in today's era of experts, scholars, and gurus. With a host of voices promoting a myriad of views on this topic, it is hard for one to determine who or what is correct. This book gets to the heart of the issue by providing an unashamed and historic basis for leading others using biblical truth as the standard. The postmodern epoch is fraught with confusion, relativity, and chaos as basic terms are redefined, historic truths are maligned, and cultural mores are upended. Consequently, leaders in this time are often just as confused as their followers, who are leaving a trail of destruction in their wake. Fortunately, there are answers for those seeking to lead with confidence based on something much grander than personal opinion or subjective reasoning. In this work, Dr. Liebhauser explains the pitfalls leaders face in these fluid times of resistance to anything authoritative while providing sound principles by which to effectively lead. The reader will appreciate learning about the historical dynamic which fueled postmodern thinking and find hope in the time-tested remedies this book provides.

Leaders in Transition Andy O. Homer, 2016-05-09. Much has been written on the subject of leadership. For the most part, the discussion has been on the principles of leadership, i.e., how to be an effective leader while in office. This book is about the leader leaving office and how his/her departure affects him/her, the incoming leader, and the members of the faith community or organization. A change of leader can be a very stressful experience for a congregation, particularly if the transition from one leader to another is poorly managed. This book examines the nature of leadership transitions, primarily though not exclusively in the church, and provides ideas and suggestions for effectively managing these transitions for the benefit of all the stakeholders.

UnCorinthian Leadership David Ian Starling, 2014-07-15. Amid the torrent of books on leadership that flood the marketplace of contemporary Christianity, *UnCorinthian Leadership* takes a fresh, challenging, and biblical approach. David Starling examines the teaching and leadership practices of Paul in 1 Corinthians and finds both a sharp critique of the Corinthianized practices that are endemic in much modern Western Christianity and a positive, compelling theological vision for how leadership ought to function among the people of Christ. The account of Christian leadership that emerges is grounded in careful contextual study of 1 Corinthians and thoughtfully applied to the circumstances and cultural pressures of our own times. Paying close attention to the situation Paul addresses and the shape of his arguments, Starling highlights the vivid relevance and enduring power of the letter. Students of 1 Corinthians will find an illuminating guide to the contemporary application of the letter. Christian leaders and students of leadership will find a

Kimble ,2023-06-20 The Bible is not merely for information but for being saved by God and changed through his words Believers know the Bible is powerful but how so And how does God save people and transform lives through Scripture Author and theology professor Jeremy M Kimble integrates an evangelical doctrine of Scripture with a robust coherent practice of engaging with Scripture Behold and Become contends that the Bible which is God s self revelation coupled with the Spirit works to produce salvation and growth in godliness Believers will see how sound beliefs about Scripture correspond with practices that allow for God s transforming work such as How the Bible s inerrancy demands our careful attention to the biblical authors as theologians How the Bible s efficacy operates within the doctrines of the triune God and the church How the Bible s authority directs our focus toward who God is and how he acts in the world We become like what we behold Rather than passively assume the animating power of the Bible Behold and Become guides readers to make Scripture s vitality an overt part of their theology of Scripture and practice of Christian life **Spiritual Warfare in the Storyline of Scripture** William F.
