did the characters wrong and why did they fail The characters must have faced some problems or obstacles that needed to be overcome Certainly as the title already indicates they failed or did something wrong even though their problems might have been different Therefore I would like to examine if there are connections between the reasons of their failures and the mistakes they have done Although it has been seven years since *The Corrections* has been published and three years it has been included in the Time magazine's list of the 100 best English language novels not much has been written about it yet Thus I mainly used the novel itself for my researches since most of the second

The Oprah Affect Cecilia Konchar Farr, Jaime Harker, 2008-10-16 *The Oprah Affect* explores the cultural impact of Oprah's Book Club particularly in light of debates about the definition and purpose of literature in American culture For the critics collected here Oprah's Book Club stands in the context of American literary history not as an egregious undermining of who we are and what we represent as some have maintained but as the latest manifestation of a tradition that encourages symbiotic relationships between readers and texts Powered by women writers and readers novels in this tradition attract crowds sell well and make unabashed appeals to emotion The essays consider the interlocking issues of affect affinity accessibility and activism in the context of this tradition Juxtaposing book history reading practices literary analysis feminist criticism and communication religious political and cultural studies the contributors map a range of possibilities for further research on Oprah's Book Club A complete chronological list of Book Club picks is included

The Cause Eric Alterman, 2013-05-28 A major history of American liberalism and the key personalities behind the movement Why is it that nearly every liberal initiative since the end of the New Deal whether busing urban development affirmative action welfare gun control or Roe v Wade has fallen victim to its grand aspirations often exacerbating the very problem it seeks to solve In this groundbreaking work the first full treatment of modern liberalism in the United States bestselling journalist and historian Eric Alterman together with Kevin Mattson present a comprehensive history of this proud yet frequently maligned tradition In *The Cause* we meet the politicians preachers intellectuals artists and activists from Eleanor Roosevelt to Barack Obama Adlai Stevenson to Hubert Humphrey and Billie Holiday to Bruce Springsteen who have battled for the heart and soul of the nation

After Postmodernism Christopher K. Coffman, Theophilus Savvas, 2020-12-18 Several of American literature's most prominent authors and many of their most perceptive critics and reviewers argue that fiction of the last quarter century has turned away from the tendencies of postmodernist writing Yet the nature of that turn and the defining qualities of American fiction after postmodernism remain less than clear This volume identifies four prominent trends of the contemporary scene the

recovery of the real a rethinking of historical engagement a preoccupation with materiality and a turn to the planetary Readings of works by various leading figures including Dave Eggers Jonathan Franzen A M Homes Lance Olsen Richard Powers William T Vollmann and David Foster Wallace support a variety of arguments about this recent revitalization of American literature The chapters in this book were originally published as a special issue of the journal Textual Practice
