The Cement Garden:

The Cement Garden Ian McEwan, 2011-02-08 Orphaned siblings create a macabre secret world for themselves in this irresistibly readable novel by the New York Times bestselling author The New York Review of Books This powerful and disconcerting novel by the Booker Prize winning author of The Children Act and Atonement The Daily Telegraph tells the story of a dying family who live in a dying part of the city A father of four children decides in an effort to make his garden easier to control to pave it over In the process he has a heart attack and dies leaving the cement garden unfinished and the children to the care of their mother Soon after the mother too dies and the children fearful of being separated by social services decide to cover up their parents deaths they bury their mother in the cement garden The story is told from the point of view of Jack one of the sons who is entering adolescence with all of its attendant curiosity and appetites Julie the eldest is almost a grown woman Sue is rather bookish and observes all that goes on around her And Tom is the youngest and the baby of the lot The children seem to manage in this perverse setting rather well until Julie brings home a boyfriend who threatens their secret by asking too many questions A beautiful but disturbing novel The AV Club McEwan s evocative detail and perfect British prose lend a genteel decorum to the death and decay that surround the family The New Yorker The

McEwan, 2020-10-16 These three bestselling novels by the Booker Award winning author explore the dark sides of love family and sexuality The Child in Time On a routine Saturday morning trip to the supermarket a father s brief moment of distraction turns his life upside down when his daughter is kidnapped His spiral of guilt and bereavement has effects on his marriage his psyche and time itself The Cement Garden When their mother suddenly dies four siblings hide her body in the basement to prevent others from discovering her death and placing them in foster care But their dark secret sets them on a path of isolation and boundary crossing intimacy The Comfort of Strangers Colin and Mary are vacationing in Venice in hopes of reigniting their relationship But after losing their way in the winding streets their acquaintance with another couple takes turns that are likewise erotic and violent in nature **Ian McEwan: The Cement Garden** Bianca Schwindt, Till Kinzel, 2008

Beyond Postmodernism Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated

discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist

Sex and Gender John Archer, Barbara Lloyd, 2002-07-11 Sex and Gender is a substantially revised second edition of a classic text Adopting a balanced and straightforward approach to the often controversial study of sex differences the authors aim to introduce the reader to the fundamental questions relating to sex and gender in an accessible way at the same time as drawing on research in this and related areas New developments which are explored in this edition include the rise of evolutionary psychology and the influence of Social Role Theory as well as additional psychoanalytic and ethno methodological approaches which have all contributed to a greater understanding of the complex nature of masculinity and femininity

Sister, Mother And Lover: The family roles of Julie in Ian McEwan's "The Cement Garden" Ismail Durgut, 2009-08-18 Seminar paper from the year 2009 in the subject Didactics for the subject English Literature Works grade 2 0 University of Duisburg Essen language English abstract In Ian McEwan's *The Cement Garden* a prominent interpretative signpost is bestowed by the literary allusion to the story tradition in which children are put into a situation in which they must fend for themselves The key reference here is to William Golding's *Lord of the Flies* a pessimistic tale of savage that emerges within the child when free of social controls However the children in McEwan's novel are not entirely cut from society They try to keep their sense of family together by entombing their dead mother in concrete in the cellar of their isolated house Moreover all of them are influenced by adult codes of familial behavior These codes become distorted in their independent existence a process that culminates in the incestuous involvement of the eldest siblings While Sue the younger sister of the first person narrator Jack does not change visibly Jack himself runs through a metamorphosis in terms of hygiene and outward appearance as such Tom the youngest starts dressing up as a girl and later on behaves like a toddler and Julie the eldest takes over the responsibility for the others and turns from sister to mother At the end of the story she even becomes Jack's lover The following paper will discuss the different family roles of Julie First there will be a chapter on how Jack views his elder sister This shall function as an overview of Julie's character The main part of this paper will present Julie's changing family roles from sister to mother and finally to lover The oedipal theme linked to that will not be made a subject of discussion in this paper A conclusion will follow the summary in the final chapter

clearly one of the third kinds Every time I read the book or watched the film I stumbled upon more and more subtleties that have been built in The Cement Garden is not an ordinary story It is a story about a bizarre relationship which you would normally not only frown upon but Ian McEwan s and Andrew Birkin s work makes you understand the characters or even makes you sympathise with them Although the plot is quite the same in both the film and the book both authors have an individual way of telling the story It can be stated that the novel and the film are not too different from each other concerning the plot It is the devices that both authors use which differ widely While McEwan favours classical rhetorical devices Birkin makes great use of subtle audio visual devices However both managed to create the atmosphere that makes this story so special For this reason I summed up the plot of the book and the film and then went on to compare them working out the differences and similarities between them The Cement Age; a Magazine Devoted to the Uses of Cement ,1912 **Ian**

McEwan Irena Księżopolska,2024-04-30 This book offers a discussion of seven canonical novels by Ian McEwan The Cement Garden The Comfort of Strangers The Child in Time The Innocent Black Dogs Atonement On Chesil Beach introducing radical new readings which are offered not as ultimate and conclusive solutions of the textual puzzles but as possibilities to engage with the text creatively to enrich the critical consensus and restore interpretative freedom to the readers This project formulates a strategy of inclusive reading an approach to the text that does not seek to reduce it to a single interpretation and yet is comprehensively informed through the analysis of the primary text critical discussion authorial comments and the context of the composition Each reading demonstrates the metafictional structure of the texts indicating that McEwan s works may be treated as invitations to roam within their worlds examining the multiple frames of their structure and the meanings generated thereby All the chapters attend to submerged repressed or deliberately masked voices The Cement Garden is seen as a multi layered dream with a shifting hierarchy of dreamers The Comfort of Strangers is viewed as an inverted metafiction with insubstantial characters corrupting more complex heroes The Child in Time is read as Stephen s book written for his dead daughter The Innocent as a memory narrative of Leonard who refuses to notice Maria s role as a spy In Black Dogs the over exposure of unreliability is studied as a screen for personal trauma in the analysis of Atonement Briony s claim to authorship is questioned and Cecilia is suggested as an alternative narrative agent Finally examining On Chesil Beach both characters voices are reconstructed in search of the superior narrative power which in the end is seen to be elusive as the text seeks to undermine the hierarchy of voices **Concrete Architecture** Catherine Croft,2004

Inspiration for architects and urban planners this text presents a re evaluation of a material finally coming into its own in the 21st century concrete The text is illustrated with projects from some of the biggest name architects around

Contemporary Fiction Jago Morrison,2003 A much needed introduction to the field of contemporary fiction studies Introduces key areas of debate and offers in depth discussions of the most significant texts An ideal guide for those studying contemporary fiction for the first time **House Beautiful** ,1908 *Charlotte Gainsbourg* Felicity Chaplin,2020-10-27

Actress singer indie icon and embodiment of Parisian cool Charlotte Gainsbourg is one of the most intriguing yet understated stars of our time This book the first detailed study of Gainsbourg charts the trajectory of her star persona across four decades from her early work with her father and ground breaking collaboration with Claude Miller to her more recent collaborations with Lars von Trier and music producers like Beck and Air The book combines textual analysis of performance costume place characterisation and narrative with archival research and extra cinematic materials to interrogate the construction of Gainsbourg s persona As well as providing a comprehensive overview of her career to date it examines her circulation in a transnational context and across a range of media platforms exploring notions of gender beauty and nationality in relation to her embodiment of femininity Frenchness and transnationality Ian McEwan Sebastian Groes,2009-05-19 Ian McEwan is one of the most significant and controversial British novelists working in the contemporary period Although primarily a novelist he has also written short stories television plays a libretto a children s book and a film adaptation This guide brings together a collection of fresh perspectives on McEwan s oeuvre not only covering the early works and his writing for the screen but also incorporating detailed and original analyses of the later work including his most recent novella On Chesil Beach It also includes a preface by Matt Ridley the controversial writer on genetics and human behavior about McEwan s obsession with science as well as a unique discussion with McEwan himself **Ian McEwan: Sex, Death, and History** Eluned Summers-Bremmer,2014-05-28 Ian McEwan s works have always shown an interest in the question of how fiction operates This interest does not usually manifest on the formal level A few of the early stories aside his fictions are not formally experimental McEwan tends to opt for those reliable patternings of space time and narrative progression that enable readers to trust the authorial environment sufficiently to identify with characters and become invested to some extent in what happens to them Despite McEwan s commitment by and large to naturalistic means of telling a story his later novels also demonstrate a concern with opacity as characters often pursue courses of action for reasons that are unclear to them Equally often these actions bear some relation to the intrinsic opacity or enigma of one s sexual desires one s relation to one s mortality or one s relation to the actions of those human beings who have gone before one as this book will show It is this focus on enigma in McEwan s work whether sexual mortal or historical that lends it to a psychoanalytic reading such as the kind pursued in this book because for psychoanalysis there is no such thing as full access to one s self or to one s feelings or motivations Given that one s relation to history is also opaque in the sense that one grasps fully or imagines one grasps fully only those historical events which predate or otherwise excludes one this study seeks historical reasons for why McEwan sometimes blocks readerly identification with characters in the early fiction For these characters are also products of their environments environments which the characters relative opacity and unlikeability seems to offset and exaggerate or present in a manner showcased for one s judgment And in this way the characters environment is denaturalized to say the least This book reveals how all of these works explore to some extent the human tendency to act and

feel in particular situations in profound contradistinction to how one might prefer to think one would This failure to coincide with one's image of how one would have expected or preferred to behave The Innocent's Leonard Marnham is not the cool experienced lover of his imaginings any more than Solar's Michael Beard is going to revamp his lifestyle or career produces instances of affective or imaginative excess troubling images or feelings that can often only be allayed or dealt with by a further failure to coincide with one's desires In this book author Eluned Summers Bremner shows that McEwan's interests in opacity not only become clear in significance and import but that his interests in human failure to coincide with one's views about the past and hopes for the future also appear as what they are an ongoing concern with how one relates to the complex operation of human history Ian McEwan Lynn Wells,2009-12-07 This introduction to the work of Ian McEwan places his fiction in historical and theoretical context It explores his biography literary techniques and the issues of ethics and representation Including a timeline of key dates and an interview with the author it also offers an overview of the critical reception McEwan's work has provoked *Understanding Ian McEwan* David Malcolm,2002 Critically acclaimed contemporary British writer Ian McEwan's novels and short stories often involve tales of aberrance and obsession In this guide for students and the interested general reader Malcolm English U of Gdansk Poland discusses themes such as incest espionage sexual fixation and political dysfunction in McEwan's writing He also analyzes McEwan's portrayal of women his concern with rationalism his moral perspective and the impact of feminism on his fiction Annotation copyrighted by Book News Inc Portland OR Configuring Masculinity in Theory and Literary Practice ,2015-05-26 Configuring Masculinity in Theory and Literary Practice combines a critical survey of the most important concepts in Masculinity Studies with a historical overview of how masculinity has been constructed within British Literature and a special focus on developments in the 20th and 21st centuries
