discussions unleashing his fury against sponsors the nightly news and the broadcasts of President Nixon warning readers about the commander in chief's war against the media long before the Watergate scandal broke As television has evolved into wireless streaming services and digital interactions on portable devices Ellison's timeless rage against the machine has become prophecy His plea to unplug is an even more necessary call to action in the face of the twenty first century's media onslaught Also available The Glass Teat Essays of Opinion on the Subject of Television

Children of the Age Knut Hamsun, 1924 Hamsun described Children of the Age as a novel about the war between the aristocrat and the peasant The Encyclopedia of the Novel 2014 called it a historically based and utterly scathing critique of modernity And the Hamsun Centre Hamsunsenteret website wrote In Children of the Age a family's rise and fall are used to describe the decline and fall of a whole epoch Thematically the novel has similarities to Thomas Mann's Buddenbrooks 1901 with Hamsun's humour being the stylistic difference between the two Briefly the novel is the story of Lieutenant Willatz Holmsen patriarch of Segelfoss a small semi feudal estate in the north of Norway When a rich self made industrialist returns from years abroad Holmsen finds his authority challenged and his finances jeopardized At the same time the novel chronicles the breakdown of his family life with his wife Adelheid and son Willatz IV The novel and its sequel Segelfoss Town 1915 are described in Knut Hamsun The Dark Side of Literary Brilliance 2009 as much more than dry social analysis indeed they investigate in rich novelistic form the propagation and survival of a family
