Kisling,2000-09-18 As one of the world s most popular cultural activities wild animal collections have been attracting visitors for 5 000 years Under the direction of Vernon N Kisling an expert in zoo history an international team of authors has compiled the first comprehensive global history of animal collections menageries zoos and aquariums *Zoo and Aquar* *Hidden History of Cincinnati* Jeff Suess,2013-09-24 A deep dive into the complex history of the Queen City Cincinnati Ohio from after the American Revolution to today So many colorful stories are lost to time The last passenger pigeon on earth Martha died in the Cincinnati Zoo in 1914 Just outside the city a young Annie Oakley beat her future husband in a shooting contest The deadliest maritime disaster in American history was the explosion of the steamboat Sultana built in the Queen City The nation s first train robbery occurred in the Cincinnati area and some clever victims hid jewelry in their hair and bodices From the Black Brigade s role in protecting the city against Confederate siege to the original 1937 Cincinnati Bengals author Jeff Suess reveals the triumphs and tribulations of the first major American city founded after the American Revolution **American Zoos**

During the Depression Jesse C. Donahue, Erik K. Trump, 2014-01-10 American zoos flourished during the Great Depression thanks to federal programs that enabled local governments to build new zoological parks complete finished ones and remodel outdated facilities This historical text examines community leaders successful advocacy for zoo construction in the context of poverty and widespread suffering arguing that they provided employment stimulated tourism and democratized leisure Of particular interest is the rise of the zoo professional which paved the way for science and conservation agendas The text explores the New Deal s profound impact on zoos and animal welfare and the legacy of its programs in zoos today

Herpetological History of the Zoo and Aquarium World James Bernard Murphy, 2007 Follows the changes in zoo and aquarium communities by looking at the development and expansion of the discipline This work presents portraits of a number of zoos and aquariums throughout the world to show the chronology of herpetological discovery people who worked at those places and the breadth of the programs that were put in place **Zoo Studies** Tracy McDonald, Daniel

Vandersommers, 2019-06-19 Do both the zoo and the mental hospital induce psychosis as humans are treated as animals and animals are treated as humans How have we looked at animals in the past and how do we look at them today How have zoos presented themselves and their purpose over time In response to the emergence of environmental and animal studies anthropologists sociologists philosophers theorists literature scholars and historians around the world have begun to explore the significance of zoological parks past and present Zoo Studies considers the modern zoo from a range of approaches and disciplines united in a desire to blur the boundaries between human and nonhuman animals The volume begins with an account of the first modern mental hospital La Salpêtrière established in 1656 and the first panoptical zoo the menagerie at Versailles created in 1662 by the same royal architect the final chapter presents a choreographic performance that imagines the Toronto Zoo as a place where the human body can be inspired by animal bodies From beginning to end through interdisciplinary collaboration this volume decentres the human subject and offers alternative ways of thinking about zoos and their inhabitants This collection immerses readers in the lives of animals and their experiences of captivity and asks us to reflect on our own assumptions about both humans and animals An original and groundbreaking work Zoo Studies will change the way readers see nonhuman animals and themselves A Feathered River Across the Sky Joel

Greenberg, 2014-09-02 This beautifully written cautionary tale reveals how passenger pigeons have become extinct and how no serious effort was made to protect this species that inspired awe in the likes of John James Audubon Henry David Thoreau and James Fenimore Cooper until it was too late **Cincinnati Zoo and Botanical Garden** Joy W. Kraft, 2010-02-01 A

Different Nature David Hancocks, 2001 A well written and provocative opinion rich account of zoos their history and their goals and purposes Hancocks has earned the right to speak authoritatively about these subjects thanks to his tenure as director of two leading U S zoos This book will appeal to general readers and to all persons interested in zoos and their role in conservation and education John Alcock author of Animal Behavior An Evolutionary Approach Giraffes elephants gorillas

snakes and toucans respond poorly to the usual conventions of human architecture Zoo architects usually respond no less poorly to the needs of animals David Hancocks draws on a lifetime s experience working as a zoo director and zoo architect to explore this dilemma and offers a compelling vision for the future This is an important book for those interested in conservation as well as for zoo and museum buffs William Conway former President and General Director of the Wildlife Conservation Society and the Bronx Zoo For over two decades David Hancocks has fervently tried to reform the fundamental character and mission of zoos This book is his most thorough analysis of what is wrong with them and his most detailed and compelling plea for improvement Every conscientious zoo administrator curator and keeper should read it from cover to cover with an open mind Professionals in botanical gardens museums and nature parks should also consider this treatise because Hancocks advocates that a fusion of all of these institutions into a new entity better positioned to interpret the entire biosphere Mark A Dimmitt Director of Natural History Arizona Sonora Desert Museum *Rookwood and the American Indian* Anita J. Ellis,Susan L. Meyn,2007 The nation s premier private collection of Rookwood art pottery featuring American Indian portraiture is on display at the Cincinnati Art Museum from October 2007 to January 2008 Rookwood and the American Indian Masterpieces of American Art Pottery from the James J Gardner Collection is a remarkable exhibition catalogue that will be of interest well beyond the exhibition because of its unique subject matter Fifty two pieces produced by the Rookwood Pottery Company are showcased many accompanied by black and white photographs of the American Indians portrayed by the ceramic artist In addition the catalogue includes a brief biography of each artist as well as curators comments about the Rookwood pottery and the Indian apparel seen in the portraits The catalogue also presents two essays The first Enduring Encounters Cincinnatians and American Indians to 1900 by ethnologist and co curator Susan Labry Meyn describes American Indian activities in Cincinnati from the time of the first settlers to 1900 and relates these events to national policy such as the 1830 Indian Removal Act Rookwood and the American Indian by art historian Anita J Ellis concentrates on Rookwood s fascination with the American Indian and the economic implications of producing that line Rookwood and the American Indian blends anthropology with art history to reveal the relationships between the white settlers and the Native Americans in general between Cincinnati and the American Indian in particular and ultimately between Rookwood artists and their Indian friends **New Worlds, New Animals** R. J. Hoage,William A. Deiss,1996-05-07 Illustrated with nearly 100 photographs New Worlds New Animals gives readers a new respect for and understanding of the role of zoos in social and cultural history **The Animal Game** Daniel E. Bender,2016-11-07 Tracing the global trade and trafficking in animals that supplied U S zoos Daniel Bender shows how Americans learned to view faraway places through the lens of exotic creatures on display He recounts the public s conflicted relationship with zoos decried as prisons by activists even as they remain popular centers of education and preservation **Cincinnati Zoo and Botanical Gardens** David A. Oehler,2002-12-15 Provides a behind the scenes look at and history of the Cincinnati Zoo including the animals and how they

are cared for by the zookeepers Animal Attractions Elizabeth Hanson,2018-06-05 On a rainy day in May 1988 a lowland gorilla named Willie B stepped outdoors for the first time in twenty seven years into a new landscape immersion exhibit Born in Africa Willie B had been captured by an animal collector and sold to a zoo During the decades he spent in a cage zoos stopped collecting animals from the wild and Americans changed the ways they wished to view animals in the zoo Zoos developed new displays to simulate landscapes like the Amazon River basin and African forests Exhibits similar to animals natural habitats began to replace old fashioned animal houses But such displays are only the most recent effort of zoos to present their audiences with an authentic experience of nature Since the first zoological park opened in the United States in Philadelphia in 1874 zoos have promised their visitors a journey into the natural world And for more than a century they have been popular places for education and recreation every year more than 130 million Americans go to zoos to look at the animals and enjoy a day outdoors The first book length history of American zoos Animal Attractions examines the meaning of nature in the city by looking at the ways zoos have assembled and displayed their animal collections Situated literally and culturally in the American middle landscape zoos are concrete expressions of longstanding tensions between wildness and civilization science and popular culture education and entertainment In their efforts to promote nature appreciation they reveal much about how our culture envisions the natural world and the human place in it and how these ideas have changed

Public Garden Management: a Global Perspective Bijan Dehgan,2014-04-16 Public Gardens Management A Global Perspective provides essential information about public gardens and what is involved in designing managing and maintaining one Although suitable as a textbook its audience will include anyone with direct or peripheral responsibility for administration or supervision of a complex organization that requires scientific knowledge as well as public relations and business acumen It may also prove useful for homeowners for there is no fundamental difference between growing plants in a public garden or a home garden a fact reflected in the extensive reference citations The topic is multidisciplinary and as old as the beginning of human civilization when the concept of mental and physical restoration was realized by early man while he she was in a natural but well ordered garden environment Thus began the art of garden making Many volumes have been written on every applicable subject discussed in this and similar publications Indeed the voluminous literature on history design horticulture and numerous related subjects is nothing short of overwhelming Accordingly anyone involved in management of public gardens whether as a director or area supervisor and irrespective of the type and size of such facility would have to have familiarity with various aspects of garden organization and administration However despite the enormous number and diversity of such publications there are very few books that deal with the multiplicity of the topics in such a manner as to be practical in approach and cover most relevant and unified issues in a single book These volumes provide the essential background information on plants animals management maintenance fundraising and finances as well as history art design education and conservation They also cover a host of interrelated subjects and responsible organization of such

activities as creating a childrens garden horticultural therapy conservatories zoological gardens and parks hence administration of multidimensional public gardens Nearly 500 full color plates representing illustrations from gardens in more than 30 countries are provided to assist and guide students and other interested individuals with history and the fundamental issues of public garden management The 15 chapters begin with the need for public gardens types of public gardens historical backgrounds as well as design diversity Numerous quotations are included from many garden lovers landscape architects philosophers and others The authors primary aim in writing this book was based on the confidence that a relevant reference between the encyclopedic nature of some and the specific subject matter of others could be used to provide fundamental information for management of public as well as private gardens The boundary between botanical and zoological gardens and parks is no longer as distinct as it once was In part it is because a garden is not a garden without plants and in part it has become apparent that for all practical intents and purposes all animals need plants for their survival Visitors of zoological gardens expect to see more than just animals zoos are landscaped grounds Moreover most communities find it financially difficult to simultaneously operate a botanical garden or an arboretum as well as a zoological garden and city parks A number of public gardens are currently referred to as botanical and zoological garden Population density and the publics desires and expectations as well as financial requirements are among the reasons for some major city parks such as Golden Gate in San Francisco Central Park in New York City and Lincoln Park in Chicago which integrate botanical or zoological divisions as well as museums and recreational facilities While this book attempts to provide basic principles involved in public garden management it does not claim to be a substitute for broader familiarity

The Cincinnati Zoo and Botanical Garden Joy W. Kraft, 2010 Opening day September 18 1875 dawned sunless and chilly a shaky start for the second zoological garden in the United States Exhibits were unfinished and animals remained crated The polar bear had not arrived and the collection on display included a feeble tiger a blind hyena an elephant rescued from a bankrupt circus a talking crow eight small monkeys and 400 birds Despite the rough start the venture by bird lover Andrew Erkenbrecher and friends blossomed into a top tier zoo inspiring a passion for nature a champion of endangered species with its own college preparatory high school and an unrivaled commitment to education research and innovative breeding programs It has survived The Perils of Pauline economics as stubborn Cincinnatians came to its rescue time after time charmed by animals and events found here chimps Mr and Mrs Rooney Susie the Gorilla who took tea and smoked Chesterfields Rodney the boxing kangaroo Martha the last passenger pigeon on earth outdoor operas and dancing under the stars Zookeeping

Mark D. Irwin, John B. Stoner, Aaron M. Cobaugh, 2013-12-09 As species extinction environmental protection animal rights and workplace safety issues come to the fore zoos and aquariums need keepers who have the technical expertise and scientific knowledge to keep animals healthy educate the public and create regional national and global conservation and management communities This textbook offers a comprehensive and practical overview of the profession geared toward new

animal keepers and anyone who needs a foundational account of the topics most important to the day to day care of zoo and aquarium animals The three editors all experienced in zoo animal care and management have put together a cohesive and broad ranging book that tackles each of its subjects carefully and thoroughly The contributions cover professional zookeeping evolution of zoos workplace safety animal management taxon specific animal husbandry animal behavior veterinary care public education and outreach and conservation science Using the newest techniques and research gathered from around the world Zookeeping is a progressive textbook that seeks to promote consistency and the highest standards within global zoo and aquarium operations **The Rhinoceros in Captivity** L.
