Simataa,2015-06-30 The Seventh Day Sabbath and the Christian Doctrine of Redemption is a book every Christian must have in their home library The author tackles the biblical doctrine of redemption in a convincing manner and drives home the centrality of the Sabbath in redemption Over the past hundred years the witness of the sciences such as physics and biochemistry including mathematics as well as the testimony of archaeology and history has put the skeptics of the Bible on the defensive To this overwhelming testimony the author adds the witness of recent fulfilled Bible prophecy The author proceeds to show persuasively how recent fulfilled prophecies have proved once again that the Bible is truly the Word of God In the book the closing work of the gospel on the planet is shown to have a prophetic edge that no one person on the globe can afford to ignore *Cosmic Search* ,1981 The Palantir Poems Black Rimbaud,2024-11-14 The Palantir Poems by the enigmatic hacker poet Black Rimbaud dives into the chilling world of contemporary surveillance like no other work before it In this provocative collection the tools of omnipresent monitoring are both frightening and amazing They evoke images of godly oversight where God monitors Genesis just as Sauron watches Frodo But what if such tools had fallen into the hands of historical monsters Imagine if Bin Laden or the German Army at Stalingrad had access to these omniscient monitors or if the French Anti Revolution had wielded them against Danton and Robespierre Black Rimbaud pushes the question further what happens when surveillance technology in a strange twist begins to observe itself In a collision of prophetic poetry and hacker insights The Palantir Poems is both a caution and a vision demanding we rethink our digital reflections and the systems tracking them Alien Log Robert Farrell,2004 Two scientists linguist Wendy Ahearn and an astrophysicists Corey Newton are hired to decode an alien artifact found at a UFO crash site in 1953 From a secret base the base in an Arizona mountain Colonel Pete Mitchell aids Newton and Ahearn in their mission to decode the artifact Time is critical and failure could doom human civilization as we know it The President a dying general who discovered it and Pete s team are the only people who know the artifact exists At least that s what they believe Farrell takes the reader to the ancient Sumerian culture where humans displayed a quantum leap in mathematics and human development as if tutored by a higher form The author also tackles the present as higher beings watch over humankind to make sure to avert annihilation via newfound discovery of nuclear power *Energy Research Abstracts* ,1982 **Alien Life** Kaia Stonebrook,AI,2025-03-06 Alien Life explores the
