The Crimes Of England:

The Crimes of England G. K. Chesterton, Aeterna Press, 2004 When telling such lies as may seem necessary to your international standing do not tell the lies to the people who know the truth Do not tell the Eskimos that snow is bright green nor tell the negroes in Africa that the sun never shines in that Dark Continent Rather tell the Eskimos that the sun never shines in Africa and then turning to the tropical Africans see if they will believe that snow is green Similarly the course indicated for you is to slander the Russians to the English and the English to the Russians and there are hundreds of good old reliable slanders which can still be used against both of them There are probably still Russians who believe that every English gentleman puts a rope round his wife s neck and sells her in Smithfield There are certainly still Englishmen who believe that every Russian gentleman takes a rope to his wife s back and whips her every day But these stories picturesque and useful as they are have a limit to their use like everything else and the limit consists in the fact that they are not true and that there necessarily exists a group of persons who know they are not true It is so with matters of fact about which you asseverate so positively to us as if they were matters of opinion Aeterna Press

The Crimes of England (Annotated) G. K. Chesterton, 2016-06-05 G K Chesterton felt that a true patriot loves his her country while viewing that state realistically Written in 1915 Chesterton felt that England could not really claim the moral high road in World War I because in fact England helped to cause the war Chesterton points to the fact that England supported Prussia and allowed it to get away with political bullying and territorial acquisitions over a period of years Chesterton argues that this tacit cooperation allowed Prussia to reach its zenith of power that encouraged the Kaiser to act rashly and aggressively He also points out that England dealt poorly with both the French Revolution and the rise of Napoleon And he threw in a few words about how the English were dealing with the Irish both during the Home Charter debate and historically A very interesting look at the domestic debate that divided Great Britain during the first world war

The Crimes of England. by G. K. Chesterton, 2017-01-27 The Crimes of England is a series of essays written during the Great War that highlight in Chesterton's learned and generally witty opinion the failings of his country The collection opens with a letter to Professor Whirlwind a German whose name is too much for me and who has been writing articles attacking England in the newspapers of the day Chesterton savagely and cleverly whittles the Professor down to a very small nub indeed and then he goes on to highlight his own problems with England His criticism of the German soul and the English failings in then recent times are juxtaposed to great effect Chesterton ends his essays with a plea to his fellow Englishmen not to avoid criticising their nation but to embrace it
