origin director producer screenwriter cinematographer cast credits plot synopsis and critical commentary **A Brief Guide to Stephen King** Paul Simpson, 2014-03-20 2014 marks the 40th anniversary of the publication of Stephen King's first novel *Carrie* in April 1974. Rescued from the rubbish by his wife Tabitha, the novel launched the Maine schoolteacher on a prolific and extraordinarily successful career. His name has become synonymous with horror and suspense through over fifty works including *The Dark Tower*, a retelling of Byron's *Childe Harold* to the *Dark Tower*. Came Simpson traces the writer's life from his difficult childhood, his father went out to the shops and never came back through his initial books under the pseudonym Richard Bachman to the success of *Carrie*, *Salem's Lot* and *The Shining* in the 1970s and beyond. He examines how King's writing was affected by the accident that nearly killed him in 1999 and how his battles with alcohol and addiction to medication have been reflected in his stories. The guide will also take a look at the very many adaptations of King's work in movies, on television and radio and in comic books.

Un-Dead TV Brad Middleton, 2015-02-05 Vampires are ubiquitous in our popular culture from movies to television in fiction and art and even within the hallowed halls of academia. But in the not so distant past these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897 Bram Stoker introduced *Dracula* to the Western world and our concept of vampires was changed forever. For over sixty years the undead have bled the television airwaves, appearing in every type of programming imaginable. *Un-Dead TV* catalogues over one thousand unique vampire appearances and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.

This Is a Thriller Alan Warren, 2004-04-14 The late 1950s and early 1960s were the golden years of horror television. Anthology series such as *Way Out* and *Great Ghost Tales* along with certain episodes of *Twilight Zone* and *The Alfred Hitchcock Hour* were among the shows that consistently frightened a generation of television viewers. And perhaps the best of them all was *Thriller*, hosted by Boris Karloff. In *Thriller* the horror was gothic with a darker, bleaker vision of life than its contemporaries. The show's origins and troubled history is first discussed here, followed by biographies of such key figures as

producer William Frye executive producer Hubbell Robinson writers Robert Bloch and Donald S Sanford and Karloff The episode guide covers all 67 installments providing airdate production credits cast plot synopses and critical evaluations
