MAHATMA JYOTIRAO PHULE- english Dr. Ravindra Thakur Translated From MARATHI to ENGLISH by Reshma Kulkarni-Pathare,2020-02-17 It is a very difficult task to write a biographical novel In order to ensure the right balance of facts with creative liberty the author needs to have the skills of a good biographer as well as a novelist A biographer is a researcher and collector of memories whereas a novelist is mainly a dreamer who can spin stories out of nothingness But the author of a biographical novel needs to be an amalgamation of both creativity and fact finding both S he needs to diligently record all the facts related to the protagonist s life Even though s he may take creative liberty while writing the novel it cannot be forgotten that finally it is a biography which must do justice to the happenings in the protagonist s life Dates timelines family members enemies relations important incidents etc need to be mentioned properly without taking them into the ambit of creative liberty Only after doing so much preparation does a novelist become set to write a good biographical novel What prompts a biographer to turn a person s life account into a novel instead of taking the easy route and narrating his her story in a straight way It is the excitement of interspersing an author s gift of imagination and ingenuity with the actualities of the protagonist s life However it is a tightrope walk to be able to exercise one s creative abilities while staying true to the researcher within Only the perfect alchemy of both these factors can result in an excellent biographical novel M W Dhond An inspirational biographical novel about the life times personality and revolutionary thoughts of the great man Jyotirao Phule MAHATMA

Representations of Eve in Antiquity and the English Middle Ages John Flood, 2010-12-14 As the first woman Eve was the pattern for all her daughters The importance of readings of Eve for understanding how women were viewed at various times is a critical commonplace but one which has been only narrowly investigated This book systematically explores the different ways in which Eve was understood by Christians in antiquity and in the English Middle Ages and it relates these understandings to female social roles The result is an Eve more various than she is often depicted by scholars Beginning with material from the bible the Church Fathers and Jewish sources the book goes on to look at a broad selection of medieval writing including theological works and literary texts in Old and Middle English In addition to dealing with famous authors such as Augustine Aquinas Dante and Chaucer the writings of authors who are now less well known but who were influential in their time are explored The book allows readers to trace the continuities and discontinuities in the way Eve was portrayed over a millennium and a half and as such it is of interest to those interested in women or the bible in the Middle Ages
