

Topic 3: TAP 21 Practice Dimensions Chart

Resource: Chapter 4 of the course textbook and Section 2 of TAP 21.

One hundred and twenty-three specific competencies of an addiction counselor are listed in TAP 21. These competencies include various roles an addiction counselor may take on such as educator, consultant, advocate, resource and referral guide, group facilitator, and so on. Therefore, while all 123 competencies of TAP 21 are available to report on, this assignment will focus on the practice dimensions and competencies highlighted in Section 2 of TAP 21.

Directions: Complete the chart by listing and defining the eight practice dimensions located in Section 2 of TAP 21. Include a list of all the competencies associated with each practice dimension. Include in-text citations in the table as well as a GCU-style reference listing below when appropriate. TAP 21 should be the references used. Please consider saving your completed worksheet as a study guide for future courses and possible licensure/certification.

TAP 21 Practice Dimensions	Definition	Competencies (list all the competencies for the dimension)
1. Clinical Evaluation	The systematic approach to screening and assessment of individuals thought to have a substance use disorder, being considered for admission to addiction-related services, or presenting in a crisis situation	Screening: Competency 24: Establish rapport, including management of a crisis situation and determination of need for additional professional assistance. Competency 25: Gather data systematically from the client and other available collateral sources, using screening instruments and other methods that are sensitive to age, developmental level, culture and gender. At a minimum,
