mobility accessibility and so on. A good number of research studies have conducted outlining the contributions and importance of technologies in tourism in general. However, the tourism industry of Asia so far has attracted very few researchers. Some contributions have been made but not sufficient. Considering the ongoing trend of technology application in the tourism industry in Asia, very few research attempts have been made aiming to explore diverse aspects. Tourism is expanding enormously across the world which actually creates more demands for effective technologies. This book will be a reading companion especially for tourism students in higher academic institutions. This book will also be read by the relevant policy planners and industry professionals. Apart from them, this book will be appreciated by expatriate researchers and researchers having keen interest in the Asian tourism industry.

Dimensions of Regenerative Practices in Tourism

and Hospitality Tyagi, Pankaj Kumar, Nadda, Vipin, Kankaew, Kannapat, Dube, Kaitano, 2024-06-24. The tourism industry faces a pressing challenge balancing economic growth with environmental preservation and social responsibility. Traditional tourism models often lead to environmental degradation, cultural homogenization, and economic disparities. Local communities are marginalized, and natural resources are depleted, threatening the industry's long-term sustainability. Moreover, the COVID-19 pandemic has highlighted the industry's vulnerability to external shocks, emphasizing the need for resilient and sustainable practices. *Dimensions of Regenerative Practices in Tourism and Hospitality* offers a comprehensive solution to these challenges. The book provides practical guidelines for businesses and practitioners to adopt regenerative practices effectively by showcasing innovative and sustainable initiatives. It explores the role of local communities in shaping and benefiting from sustainable tourism, emphasizing the importance of collaboration among stakeholders. Additionally, the book evaluates the environmental impact of different approaches within the industry and promotes ethical behavior, encouraging fair treatment of employees, communities, and cultural heritage.
