Lowe,2012-07-20 A century after Samuel Clemens s death Mark Twain thrives One way fans still celebrate the first true American writer and his work is by visiting any number of Mark Twain destinations They believe they can learn something unique by visiting the places where he lived Mark Twain s Homes and Literary Tourism untangles the complicated ways that Clemens s houses now museums have come to tell the stories that they do about Twain and in the process reminds us that the sites themselves are the products of multiple agendas and in some cases unpleasant histories Hilary Iris Lowe leads us through four Twain homes beginning at the beginning Florida Missouri where Clemens was born Today the site is simply a concrete pedestal missing its bust a plaque and an otherwise empty field Though the original cabin where he was born likely no longer exists Lowe treats us to an overview of the history of the area and the state park challenged with somehow marking this site Next we travel with Lowe to Hannibal Missouri Clemens s childhood home which he saw become a tourist destination in his own lifetime Today mannequins remind visitors of the man that the boy who lived there became and the literature that grew out of his experiences in the house and little town on the Mississippi Hartford Connecticut boasts one of Clemens s only surviving adulthood homes the house where he spent his most productive years Lowe describes the house s construction its sale when the high cost of living led the family to seek residence abroad and its transformation into the museum Lastly we travel to Elmira New York where Clemens spent many summers with his family at Quarry Farm His study is the only room at this destination open to the public and yet tourists follow in the footsteps of literary pilgrim Rudyard Kipling to see this small space Literary historic sites pin their authority on the promise of exclusive insight into authors and texts through firsthand experience As tempting as it is to accept the authenticity of Clemens s homes Mark Twain s Homes and Literary Tourism argues that house museums are not reliable critical texts but are instead carefully constructed spaces designed to satisfy visitors This volume shows us how these houses portrayals of Clemens change frequently to accommodate and shape our own expectations of the author and his work [Educart ICSE Class 10 Question Bank 2024 + Solved Paper Geography \(based on 17th June'23 Specimen Paper\) for 2023-24](#) Educart,2023-08-25 [Bridging Science And Policy Implication For Managing Climate Extremes](#) Hong-sang Jung,Bin Wang,2017-12-19 Since 1980 the number of climate related disasters has been greatly increased globally Scientific consensus based on the IPCC fifth report suggested that global

warming would bring more intense and frequent extreme climate events These climate related disasters hinder the achievement of sustainable economic growth and prosperity by disrupting supply chains impeding production destroying infrastructure and necessitating high cost rebuilding and recovery To mitigate the climate extreme risks and possible losses it is essential to maximize the utilization of scientific outputs and to share best practices in disaster risk management Aligned with such purposes Asia Pacific Economic Cooperation APEC Climate Center APCC hosts the APEC Climate Symposium APCS every year APCS focused on drought prediction and management in 2013 climate extremes and hydrological disaster in 2014 and efficient use of climate information for disaster risk management in 2015 This book aims to compile some of the important results from the latest research in climate extreme prediction and services and its application studies with a focus on climate extremes such as typhoons droughts and floods based on the APCS presentations during 2013 2015 *Leisure, Recreation, and Tourism Abstracts*, 1995 Tourism in Northern Ireland and its economic impact and benefits Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee, 2007-03-15 The Committee's report examines the nature of tourism in Northern Ireland its impact on and importance for the overall economy and the effectiveness of measures taken by Government and other relevant agencies to develop promote and support the marketing of Northern Ireland as a tourist destination The Committee's recommendations are addressed to the Northern Ireland Office which took back responsibility for tourism in Northern Ireland when the power sharing executive was suspended in October 2002 but if a power sharing executive is re established then responsibility for tourism will revert to the restored Executive and accordingly responsibility for scrutiny of this policy area would revert to the Committees of a restored Assembly The Committee's report makes 27 recommendations to help Northern Ireland maximise its tourist potential and concludes that if government recognises the enormous economic impact of tourism and if private enterprise in co operation with statutory bodies can develop this recognition into a coherent strategy there is no reason why the success of tourism in the Republic of Ireland should not be replicated in Northern Ireland to the advantage of the whole island of Ireland and with Northern Ireland itself enjoying an equivalent status to Scotland and Wales as a UK tourist destination **Lifestyle Mobilities** Tara Duncan, Scott A. Cohen, Maria Thulemark, 2016-05-06 Being mobile in today's world is influenced by many aspects including transnational ties increased ease of access to transport growing accessibility to technology knowledge and information and changing socio cultural outlooks and values These factors can all engender a re formation of our everyday life and moving as and for lifestyle has in many ways become both easier and much more complex This book highlights the crossroads between concepts of lifestyle and the growing body of work on mobilities The study of lifestyle offers a lens through which to study the kinds of moorings dwellings repetitions and routines around which mobilities become socially culturally and politically meaningful Bringing together scholars from geography sociology tourism history and beyond the authors illustrate the breadth and richness of mobilities research through the concept of lifestyle Organised into four sections the book begins by

dealing with aspects of bodily performance through lifestyle mobility Section two then looks at how we can use mobile methods within social research whilst section three explores issues surrounding ideas of mobility immobility and belonging Finally section four draws together a number of chapters that focus on the complexities of identity within mobility Often drawing on ethnographic research contributors all share one common feature they are at the forefront of research into lifestyle mobilities

Howard, 2016-06-01 Rhetorical critics have long had a troubled relationship with method viewing it as at times opening up provocative avenues of inquiry and at other times as closing off paths toward meaningful engagement with texts Text Field shifts scholarly attention from this conflicted history looking instead to the growing number of scholars who are supplementing text based scholarship by venturing out into the field where rhetoric is produced enacted and consumed These field based practices involve observation ethnographic interviews and performance They are not intended to displace text based approaches rather they expand the idea of method by helping rhetorical scholars arrive at new and complementary answers to long standing disciplinary questions about text context audience judgment and ethics The first volume in rhetoric and communication to directly address the relevance processes and implications of using field methods to augment traditional scholarship Text Field provides a framework for adapting these new tools to traditional rhetorical inquiry Aside from the editors the contributors are Roberta Chevrette Kathleen M de On s Danielle Endres Joshua P Ewalt Alina Haliliuc Aaron Hess Jamie Landau Michael Middleton Tiara R Na puti Jessy J Ohl Phaedra C Pezzullo Damien Smith Pfister Samantha Senda Cook Lisa Silvestri and Valerie Thatcher Computer Supported Education Beno Csapó, James
