Touch Tome Toxic:

Toxic Leaders and Tough Bosses Teresa A. Daniel, 2024-03-18 Finalist in the Leadership HR and Employee Development category of the Goody Business Book Awards 2024 Toxic work culture is driving away 1 in 5 employees at an annual cost of US 44.6 billion to American organizations Yet ironically toxic leaders often achieve stellar financial profits continue to get promoted and remain in their leadership roles In Toxic Leaders and Tough Bosses Organizational Guardrails to Keep High Performers on Track employment law attorney Teresa A Daniel JD PhD draws upon numerous studies and interviews to show the real devastating impact of toxic workplace culture and why leaders must care This book discusses what signs to look out for in a toxic workplace factors that promote toxic behavior types of leaders and how they impact their organization the role of HR in managing employee wellbeing and what to look out for in exceptional leaders With evidence based strategies for building stronger workplace culture including tools to help organizations develop better leaders and managers it makes a compelling case for eradicating toxic leaders as a priority Toxic Leaders and Tough Bosses is for organizational leaders mid level managers supervisors HR practitioners and anyone else invested in implementing new tried and tested ideas to improve their organization s culture to create and sustain its optimum success **Working with Toxic Older Adults** Gloria M. Davenport, PhD, 1998-12-23 Older adults like all individuals have different personalities and temperaments According to Dr Davenport toxicity in older adults manifests itself in negative behaviors and attitudes that can adversely impact interactions with health professionals caregivers and family members Davenport presents theories and case examples to help us understand this phenomenon and provides useful techniques for caring for toxic elders A valuable practical guide for social workers therapists caregivers and students The Fullness of Time Kara N. Slade, 2021-09-17 While human existence in time is determined by the time of Jesus Christ by the logic of the incarnation passion resurrection and ascension the predominant accounts of time in the modern West have proceeded from a very different basis The implications of these approaches are not just a matter of epistemology or of abstract doctrinal and philosophical claims Instead they have had and continue to have concrete ramifications for human life together They have overwhelmingly been death dealing rather than life giving marked by a series of temporal moral errors that this book hopes to address As a counterexample this book reads Soren Kierkegaard alongside Karl Barth to highlight the ways that both figures rejected a Hegelian approach to time that was and is not coincidentally intertwined with a racialized account of history and the co-opting of Christianity by the modern Western state *Danny Boyle* Brent Dunham, 2010-12-07 A humble man from humble beginnings Danny Boyle b 1956 became a popular cinema darling when *Slumdog Millionaire* won big at the 2009 Academy Awards Prior to this achievement this former theater and television director helped the British film industry pull itself out of a decades long slump With *Trainspotting* he proved British films could be more than stuffy period dramas they could be vivacious and thrilling with dynamic characters and an infectious soundtrack This collection of interviews traces Boyle s relatively short fifteen year film

career from his outstanding low budget debut *Shallow Grave* to his Hollywood studio films his brief return to television and his decade in the making renaissance *Taken* from a variety of sources including academic journals mainstream newspapers and independent bloggers *Danny Boyle Interviews* is one of the first books available on this emerging director As an interviewee Boyle displays an engaging honesty and openness He talks about his films *28 Days Later* *Millions* and others His success proves that classical storytelling artists still resonate with audiences *The Dark Triad* Brendan Coleman,Victor Dulewicz,2025-07-17 With penetrating and measured analysis the authors explore the troubling existence within organisations of narcissism Machiavellianism and psychopathy aversive personality traits often hiding beneath thinly polished veneers of professionalism and competence **Deadman's Tome Final Contact** Eric S. Brown,James Desborough,David M. Hoenig,Brian Malachy Quinn,Candace Robinson,Madeleine Swann,DJ Tyrer,Fristofer Velasquez,2017-08-27 *Deadman s Tome* presents *Final Contact* This volume of galactic terror features stories that warn of the consequences of bold space exploration exploitative mining venturing too far and contact with foreign entities You see dear reader we are not alone and the first contact might just be the last *Ted Lasso and Philosophy* Marybeth Baggett,David Baggett,2024-01-31 An accessible and engaging journey through the philosophical themes and concepts of *Ted Lasso* *Ted Lasso and Philosophy* explores the hidden depths beneath the vibrant veneer of AppleTV s breakout award winning sitcom Blending philosophical sophistication with winsome appreciation of this feel good comedy the collection features 20 original essays canvassing the breadth of the series and carefully considering the ideas it presents including the goal of competition the role of mental health sportsmanship revenge versus justice the importance of friendship the imperative of respect for persons humility leadership identity character growth courage journalistic ethics belief forgiveness what love looks like and just how evil tea is In a nod to the show s many literary allusions the compilation concludes with a whimsical appendix that catalogs the books most significant to *Ted Lasso* s themes and characters If football is life as Dani Rojas fondly repeats then this book s a fitting primer Covers the full breadth of the original *Ted Lasso* series including the third season Explores every major character and all of the show s significant subplots and elements Written in the spirit of the show with in jokes that will appeal to *Ted Lasso* fans Features an introduction that guides readers through the book s materials Includes Beard s Bookshelf a bibliography of the most significant books shown or alluded to in the series *Ted Lasso and Philosophy* is for the curious not judgmental Sport is quite the metaphor and we can t wait to unpack it with you **Études et documents de politique scientifique** ,1988 **São Tomé & Príncipe** Kathleen Becker,2008 This is the first stand alone guide to Africa s second smallest country S o Tom Pr ncipe renowned for its enticing blend of African Portuguese and Caribbean culture **Health Education in Secondary Schools** Cyrus Mayshark,Roy Archibald Foster,1972 **The Case Against Homework** Sara Bennett,Nancy Kalish,2007-08-28 Does assigning fifty math problems accomplish any more than assigning five Is memorizing word lists the best way to increase vocabulary especially when it takes away from reading time

And what is the real purpose behind those devilish dioramas The time our children spend doing homework has skyrocketed in recent years Parents spend countless hours cajoling their kids to complete such assignments often without considering whether or not they serve any worthwhile purpose Even many teachers are in the dark Only one of the hundreds the authors interviewed and surveyed had ever taken a course specifically on homework during training The truth according to Sara Bennett and Nancy Kalish is that there is almost no evidence that homework helps elementary school students achieve academic success and little evidence that it helps older students Yet the nightly burden is taking a serious toll on America's families It robs children of the sleep play and exercise time they need for proper physical emotional and neurological development And it is a hidden cause of the childhood obesity epidemic creating a nation of homework potatoes In *The Case Against Homework* Bennett and Kalish draw on academic research interviews with educators parents and kids and their own experience as parents and successful homework reformers to offer detailed advice to frustrated parents You'll find out which assignments advance learning and which are time wasters how to set priorities when your child comes home with an overstuffed backpack how to talk and write to teachers and school administrators in persuasive nonconfrontational ways and how to rally other parents to help restore balance in your children's lives Empowering practical and rigorously researched *The Case Against Homework* shows how too much work is having a negative effect on our children's achievement and development and gives us the tools and tactics we need to advocate for change Also available as an eBook
