7th International Conference on Tourism Research Prof Rishi Balkaran, Dr Chris Hattingh, 2024-03-18 These proceedings represent the work of contributors to the 7th International Conference on Tourism Research ICTR 2024 hosted by the Centre for Tourism Research in Africa at the Cape Town Hotel School Cape Peninsula University of Technology South Africa on 18-19 March 2024. The Conference Chair is Prof Rishi Balkaran and the Programme Chair is Dr Chris Hattingh, both from Cape Peninsula University of Technology CPUT South Africa. ICTR is a well-established event on the academic research calendar and now in its 7th year, the key aim remains the opportunity for participants to share ideas and meet the people who hold them. The scope of papers will ensure an interesting two days. The subjects covered illustrate the wide range of topics that fall into this important and ever-growing area of research. Today more than ever, there is a need for research and scientific guidance as the tourist sector struggles to cope with the consequences of the Covid-19 pandemic: inflation, socio-political turbulences, climate change, and disaster risk.

Tourist Health, Safety and Wellbeing in the New Normal Jeff Wilks, Donna Pendergast, Peter A. Leggat, Damian Morgan, 2021-11-29 The COVID-19 pandemic has changed the face of international and domestic tourism and sharply focused attention on the importance of tourist health, safety, and wellbeing like never before. This book offers a unique perspective on the challenges facing the world's largest service industry to protect and care for customers in a rapidly evolving environment where borders have closed, social distancing rules apply, and personal hygiene has become a key focus in everyday life. Yet tourism is a very resilient industry and history shows there is always an immediate surge toward recovery after a crisis has passed. Humans want to travel and see the world. While we appreciate that the pandemic is far from over, already there are reports of pent-up demand for travel as restrictions ease at some destinations and borders begin to open. As we move hopefully toward the recovery phase and people begin to move around for business and pleasure, this book presents the reader with key information and insights in both traditional and emerging areas of tourist health, safety, and wellbeing, recognising that the world is now shaped by this pandemic, bringing change, potentially enduring benefits, and lasting legacies.
