Tourism November 2013 Memo:

Annual Report India. Ministry of Tourism, 2013 *Tourism Crises and Destination Recovery* David Beirman, 2021-10-20
As global tourism faces its greatest threat since World War II the author draws on over 40 years of industry and academic experience to explore the core themes that underpin crises their impact on the tourism industry and recovery Focussing on this emerging issue in within the travel industry and academic tourism research this author explores crisis management approaches from scholars governments and tourism associations around the world A dedicated chapter also covers the impact of Covid 19 on tourism industries and economies across the world and well as how nations from around the world responded to the global pandemic outbreak The book is split by theme and features over 20 case studies including 2020 Australian bush fires 2019 Sri Lankan terror attack SARS and Swine Flu the collapse of Thomas Cook the global and Greek financial crises and the threat to the Great Barrier Reef Discussion questions and activities are included at the end of each chapter Suitable reading for students on tourism and tourism crisis management modules *Maritime Claims and Boundary Delimitation* Nicholas A. Ioannides, 2020-09-27 This book delves into the major developments triggered by the hydrocarbon discoveries in the Eastern Mediterranean over the last twenty years focusing on maritime boundary delimitation Examining the impact that the hydrocarbon discoveries have had on the application of the law of the sea rules by the East Med states the book looks at the new trends concerning the implementation of the law of the sea in the region The book analyses regional state practice in terms of maritime delimitation namely the conclusion of bilateral agreements based on the law of the sea rules both conventional and customary reflecting the East Med states willingness to cooperate in order to reap the benefits of the energy windfall Alongside this analysis an outline of the hydrocarbon discoveries and the pertinent maritime activities is given as well as further coverage of the overlapping maritime claims and disputes between Greece Cyprus and Turkey on one side and Lebanon and Israel on the other Moreover the book examines the validity of maritime claims made by or through non state entities in the region namely the State of Palestine the UK Sovereign Base Areas and the so called Turkish Republic of Northern Cyprus and their potential impact on the delimitation agreements already in place The book argues that the East Med paradigm concerning the successful application of the pertinent norms in maritime delimitation proves that international law is resilient and capable of providing solutions in other turbulent regions around the globe This book will be of interest and importance to academics and students of international law professionals in the oil and shipping industries legal professionals and government agencies **Sharks: Conservation, Governance and Management** Erika J. Techera, Natalie Klein, 2014-06-05 The key aim of this book is to explore the global conservation and management of sharks There has been a rapid decline in populations of many shark species while new science has emerged of the critical role they play in marine ecosystems However the authors show that conservation law and policy have been slow to develop with only a small number of iconic species being protected worldwide The increase in fishing impact primarily through shark finning and

by catch has led to shark conservation receiving greater international attention in recent years The book explores our current knowledge and status of the law and science in relation to sharks with a particular focus on improving frameworks for their conservation and management Recent trends are analysed including shark finning bans that have been put in place in several countries the widening number of nations establishing shark sanctuaries and the growth of shark based tourism The efficacy of current listing processes for endangered species and fisheries regulations is also examined Tourism is explored as an alternative to fishing and the risks and impacts associated with this industry are analysed Contributors include leading authorities from universities and conservation organizations in North America Europe and Australia A common theme is to emphasise the importance of collaborative governance between various interest groups and the need for inter disciplinary research and management approaches that are necessary to address the decline in sharks
