Copyright Office, 1968 *How Come You Can't Identify Your Key Customers?* Peter Cheverton, 2005-09-03 Key account management (KAM) is not a sales initiative; it is a business-wide process that must be managed and supported from the top. This handbook is designed for all those involved in the management of key accounts but who are uncertain about how these important customers are identified, selected, and managed. Peter Cheverton shows how to achieve the core objectives of KAM: retain existing customers in a competitive environment; grow through acquiring new long-term contracts; achieve global preferred supplier status; manage customers serviced by several departments in a consistent way; create a customer-intimate business and achieve operational excellence. According to Cheverton, the purpose of KAM is managing the future, achieving a realistic balance between objectives, the market opportunity, and the resources available. Global cases, tools, techniques, and exercises are all included. Vajda, 2013-07-04 The Kets of Central Siberia are perhaps the most enigmatic of Siberia's aboriginal tribes. Today numbering barely 100 souls living in several small villages on the middle reaches of the Yenisei, the Kets have retained much of their ancient culture as well as their unique language. Genetic studies of the Ket hint at an ancient affinity with Tibetans, Burmese, and other peoples of South East Asia, not shared by any other Siberian people. The Ket language, which is unrelated to any other living Siberian tongue, also appears to be a relic of a bygone linguistic landscape of Inner Asia. Because language isolates such as Ket are of special value to scholars of the original peopling of the continents, linguists have recently

attempted to link Ket with North Caucasian Sino Tibetan Burushaski Basque and Na Dene None of these links have been proved to the satisfaction of all linguists and the research continues both in Russia and abroad *Catalog of Copyright Entries.
