Moscatelli,2005-07-15

THE TROUBLE WITH QUOTE BOOKS to paraphrase something Napoleon once said about books in general is that in them one has to read so many bad quotes to find some that are really good Most authors of quote books include in their pages numerous forgettable quotes among the few that are really worth remembering Not so with this quote book This book is an unpadding collection of carefully selected quotes Each quote is guaranteed to cause the reader to think learn grow or in some cases laugh Open this book to any page and you will find selected gems of the spoken and written word that you will use again and again It is a comprehensive resource that will give you an appropriate quote for almost any subject you want to address in your speaking or writing Bob Moscatelli is a 1958 graduate of West Point He accumulated the quotes in this book over a fifty year period which included twenty six years as a career Army officer eight as a financial programmer and four in politics He is also the author of Too Soon Old Too Late Smart a book on the fundamentals of personal finance This book is an ideal gift for readers of all ages Buy a copy for yourself and for everyone you care about who will appreciate a useful gift that will have a beneficial influence on his or her life for years to come
